Harrison Mixer, 1874 **The Complete Poetry of Aimé Césaire** Aimé Césaire, 2017-09-05 The Complete Poetry of Aimé Césaire gathers all of Césaire's celebrated verse into one bilingual edition. The French portion is comprised of newly established first editions of Césaire's poetic oeuvre made available in French in 2014 under the title *Poésie: Thèmes, Essais et Discours* edited by A.J. Arnold and an international team of specialists. To prepare the English translations, the translators started afresh from this French edition. Included here are translations of first editions of the poet's early work prior to political interventions in the texts after 1955, revealing a new understanding of Césaire's aesthetic and political trajectory. A truly comprehensive picture of Césaire's poetry and poetics is made possible thanks to a thorough set of notes covering variants, historical and cultural references, and recurring figures and structures, a scholarly introduction, and a glossary. This book provides a new cornerstone for readers and scholars in 20th-century poetry, African diasporic literature, and postcolonial studies. *Selected and Collected Poems* Bill Knott, 1977 **Edinburgh Illustrated Edition of the Poems and Songs of Robert Burns**

Complete Robert Burns, 1896 Prose Poems of the French Enlightenment Fabienne Moore, 2017-11-30 By examining nearly sixty works, the author traces the prehistory of the French prose poem, demonstrating that the disquiet of some eighteenth-century writers with the Enlightenment gave rise to the genre nearly a century before it is habitually supposed to have existed. In the throes of momentous scientific, philosophical, and socioeconomic changes, Enlightenment authors turned to the past to revive sources such as Homer, the pastoral Ossian, the Bible, and primitive eloquence, favoring music to construct alternatives to the world of reason. The result, the author argues, were prose poems including Flon's *Les Aventures de Témaque*, Montesquieu's *Le Temple de Gnide*, Rousseau's *Le Lute d'Ephraïm*, Chateaubriand's *Atala*, as well as many lesser-known texts, most of which remain out of print. The author's treatment of Bible criticism and eighteenth-century religious reform movements reveals the often-neglected spiritual side of Enlightenment culture and tracks its contribution to the period's reflection about language and poetic invention. The author includes in appendices four unusual texts adjudicating the merits of prose poems, making evidence of their controversial nature now accessible to readers. **Poetry** Harriet Monroe, 1921

Autobiography and Other Poems Tony Towle, 1977 Published in 1977, this collection includes a mix of autobiographical reflections and imaginative explorations, blending personal experiences with broader themes, showcasing the poet's unique voice and his association with the New York School of poets.
