Stuttering Therapy Rationale And Procedures:

Stuttering Therapy Hugo H. Gregory, 2003 This book provides the reader explicit descriptions of therapy procedures and the necessary rationale for these procedures based on research and clinical experience This comprehensive book begins with basic background information about speech fluency and the nature of stuttering It is unique among books on stuttering therapy in that it includes a chapter providing analyses of eight areas of research followed immediately by the implications of these findings for evaluation and treatment Five chapters on assessment and treatment of all age groups carry out a main theme of relating research knowledge to clinical procedures A final chapter focuses on a reframing of the processes of counseling and stuttering therapy Speech language pathologists and anyone interested in communication disorders

Treatment Protocols for Stuttering M. N. Hegde, 2006-10 **Stuttering and Cluttering (Second Edition)** David Ward, 2017-08-15 Stuttering and Cluttering provides a clear accessible and wide ranging overview of both the theoretical and clinical aspects of two disorders of fluency stuttering and cluttering This edition remains loyal to the idea that stuttering and cluttering can best be understood by first considering various overarching frameworks which can then be expanded upon and provides a clear position from which to disentangle the often complex interrelationships of these frameworks The book is divided into two parts the first of which mainly deals with theory and aetiology while the second focuses on clinical aspects of assessment diagnosis and treatment The book also provides frequent references across Parts I and II to help link the various areas of investigation together This revised edition of Stuttering and Cluttering reflects the major changes in thinking regarding both theory and therapy that have taken place since the publication of the first edition As well as those who stutter and clutter the book will be invaluable for speech language therapy speech language pathology students practicing clinicians psychologists and linguists around the world

The Science and Practice of Stuttering Treatment Suzana Jelcic Jaksic, Mark Onslow, 2012-06-07 The Science and Practice of Stuttering Treatment A Symposium is a comprehensive resource for practitioners and researchers that spans the scientific basis and clinical management of stutters in people of all ages from preschoolers to adults Written by an international team of clinical and research leaders in the field of speech and language pathology as well as scientists from the fields of epidemiology and neurology the book offers a truly comprehensive coverage of contemporary stuttering management Each chapter provides information on the Theoretical Basis of the Treatment Outline of the Treatment Scientific Evidence for the Treatment Advantages and Disadvantages of the Treatment Planned Future Empirical Development and conclude with an in depth critical review This book is a must have resource for speech and language pathologists researchers and educators worldwide FEATURES Offers a rigorous critical review of each treatment Written by leading international experts in the field Completely up to date with the latest clinical and scientific research This book is the output from the Research Symposium held in Croatia in 2010 This text is unusual in that it not only reflects the content of the Symposium presentations but also reports the discussion that the presentations generated The

discussions that ensued were recorded and transcribed The consistent organisation of each paper in the collection allows the reader to quickly access the critical information and to make direct comparisons across therapies and provides the reader with a comprehensive overview of a variety of speech restructuring programs The advantages disadvantages and the discussion sections in each chapter help the reader with appraisal of the material presented and to make some judgements about generality and value The reader feels exposed to the atmosphere and dynamics of the Symposium in a way that is rarely captured outside the conference auditorium A review from Sharon Millard PhD MRCSLT Research Lead and Expert Speech and Language Therapist The Michael Palin Centre Whittington Health London UK *Current Issues in Stuttering Research and Practice* Nan Bernstein Ratner, John A. Tetnowski, 2014-04-04 This state of the art volume is a follow up to the 1999 publication *Stuttering Research and Practice Bridging the Gap* edited by Nan Ratner and E Charles Healey Like its predecessor the current book is an edited collection of the presentations from the American Speech Language Hearing Association's Annual Leadership Conference in Fluency and Fluency Disorders Among the topics covered are evidence based practice impact of the self help and support groups meta analyses of selected assessment and intervention programs current theories of stuttering and the predicted path of stuttering intervention in the future The authoritative representation of contributors offers the reader the most up to date presentation of fluency issues with a special emphasis placed on the practical clinical implications of fluency assessment treatment and evolving theories of the disorder The book is written for fluency specialists and graduate students in programs of fluency disorders It will also be valuable for the clinicians who wish to upgrade their skills in treating fluency disorders *Essentials of Communication Sciences & Disorders* Fogle, 2017-10-20 Fully revised and updated *Essentials of Communication Sciences and Disorders* Second Edition is an accessible and engaging introductory resource for students new to communication sciences and disorders This text covers basic information about speech disorders in both children and adults while numerous case scenarios and personal stories paint a vivid picture of the profession Important Notice The digital edition of this book is missing some of the images or content found in the physical edition ***Essentials of Communication Sciences & Disorders*** Paul T.
