## **The Big Rain:**

**Before the Big Rains** O. H. Kopole, 2017-01-16 The twins destiny was decided by an age old tradition long before they were born but it was somehow altered through the application of wisdom and intellect by human intervention The abnormal in society was normalised by custodians of tradition and the rule of customary law councillors and respected village elders vested with authority and the power to decide and act Giving the twins a lifeline and letting them live when they should have been killed without any second thought about who their father is amounted to nepotism and infringed on the right of the one whose destiny was decided in an unorthodox way This was an unforgivable violation of an ancestral practice a grave transgression with dire consequences which pitted brother against brother paving a path of dark hatred witchcraft and ultimately murder in the guise of darkness with no witnesses With the chiefs wife barren leaving the clan without a leader the throne without an heir was apparent and the inheritance shone brighter and larger in the direction of the perpetrator If Makgabeng was destined to be in Seras hands then the gods had surely erred in their judgement How could they have sacrificed Paramount Chief Thaga at the altar of conspiracy greed and corruption Would Lefa live to see the day and his rightful throne
