The Black Rose Go-Max,2011-07-27 There are moments in time that we all share Some moments feel like we have already experienced them Like the French word *deja vu* Yet they re not quite like *deja vu* But some individuals will truly feel as if there were experiencing a moment yes a moment that they knew of beforehand There are those who dream dreams and later in their lives or others That dream becomes reality We would address this gift as a premonition Then there are few just a few who believe that they are lucky They may even feel that their special unique and even sometimes bulletproof In this tale we have a prophecy From a man who chose to displace himself from society To live a simple life He will relate to is grandson his dreams and visions His grandson which was his soul relation Of a set of the events that will change his grandson s way of life as he knew it Yet his grandson knew deep down in his soul that this was to be He will meet not only his friends but someone who knew they were very unique His life will become entangled with someone who is cunning dangerous and very confident So confident in fact that they truly believed that they were invincible
