The Complete Opera:

The Complete Opera Book Gustav Kobbé, 2022-08-10 Gustav Kobbé's magnum opus *The Complete Opera Book* stands as a towering achievement in the realm of classical music literature offering an encyclopedic look at the world of opera. With a narrative that weaves the tales of numerous operas together with the actual music excerpts from some of the most renowned arias, Kobbé's work is both a scholarly resource and a delight for aficionados. The literary style marries accessibility with depth, making it a staple reference that has been relevant to the operatic community since its initial appearance. Though Kobbé met with a tragic accident before finalizing the tome, it was posthumously completed, reflecting his unmatched dedication to the art form with meticulous indices and captivating photographs that serve to further enrich the reader's experience. Kobbé, an eminent music critic and historian, brought to *The Complete Opera Book* not merely his extensive knowledge but also a palpable passion for opera. His insights were formed not only from his voracious consumption of music but also from his interactions with the epoch's composers and performers and his understanding of opera's evolution and its place within the wider cultural tapestry. This background provided a robust foundation for the book's narrative, infusing it with authenticity and depth. It is without hesitation that *The Complete Opera Book* is recommended to both new enthusiasts and seasoned opera lovers. The book's unique blend of detailed opera plots, musical analysis, and historical context offers a multi-dimensional approach to understanding opera. Whether one is seeking to deepen their appreciation, studying for scholarly purposes, or merely indulging in the love of opera, Kobbé's work remains an indispensable companion in the journey through opera's grand, tumultuous, and enchanting history.

The Complete Opera Book Gustav Kobbé, 2020-08-01. Reproduction of the original *The Complete Opera Book* by Gustav Kobbé. *The Complete Opera Book (Summarized Edition)* Gustav Kobbé, 2026-01-10. *The Complete Opera Book* distills the repertory into lucid plot synopses, cast lists, premiere histories, and concise musical commentary with notated themes and leitmotifs. Kobbé moves with journalistic clarity and scholarly tact from Mozart and Rossini through Verdi, Wagner, and Puccini, balancing anecdote with analysis and situating each work within its national school. Written when opera houses were standardizing the canon, the volume offers a practical vade mecum linking stage action to musical design and reception. An influential American critic for the *New York Herald*, Gustav Kobbé (1857-1918) spent decades explaining opera to a broad public and reporting seasons on both sides of the Atlantic. A seasoned observer of Bayreuth and the Metropolitan Opera, he joined first-hand theatrical knowledge to a gift for clear exposition. Drawn from years of notes and columns and issued posthumously after his fatal boating accident, this book crystallizes his belief that guidance deepens pleasure and preserves memory. Readers seeking a reliable, companionable map to the standard repertory will find this volume indispensable, whether preparing for a first performance, revisiting masterpieces, or studying operatic form. Its economy, historical anchoring, and alert ear make it a durable guide at home, in classrooms, and in the opera house. Quickie Classics summarizes timeless works with precision, preserving the author's voice and keeping the prose clear and fast.
