

The Big Chapel

Henry Morrow Hyde

The Big Chapel:

The Big Chapel Thomas Kilroy, 1982 Based on a notorious clerical scandal in Victorian Ireland *The Big Chapel* by Thomas Kilroy deals with the indelible essence of humanity and the dangers of adhering to ideological dogma It is striking in its range from the anguished interiors of its characters to the rich panoramic glimpses of the community at large Nominated for the Booker Prize upon its release in 1971 and winner of several awards including the Guardian Fiction Prize and the Heinemann Prize *The Big Chapel* is one of the great Irish novels Part of the Liberties Revival series this novel depicts life in an Ireland ensconced in clerical power and still resonates with the Irish experience today Thomas Kilroy has written an anatomy of religious dogmatic violence that remains strikingly relevant In scenes that range from the private and reflective to the panorama of a whole community in convulsion he draws upon a deep knowledge of the history and folklore of the time and place While there is a great deal of humor in *The Big Chapel* it is a work of tragic proportions and its array of characters remains with the reader Father Lannigan the anguished demagogue haunted by the implications of his own revolution Master Scully a man unable to choose at a time when all men are faced by choice And Horace Percy Butler landlord and amateur scientist a tragic comic character who is quite unlike anyone else in Irish fiction whose journal in itself a remarkable feat of writing punctuates the novel

Traces of Another Time Margaret Scanlan, 2014-07-14 Is the historical novel the outmoded genre that some people imagine form inseparable from romanticism nationalism and the nineteenth century In this stimulating volume Margaret Scanlan answers a convincing no as she demonstrates the relevance of historical novels by well known figures such as Anthony Burgess John le Carr Graham Greene Doris Lessing Iris Murdoch and Paul Scott as well as by less well established writers such as Joseph Hone and Thomas Kilroy Scanlan shows what a skeptical experimental approach to the relationship between history and fiction these writers adopt and how radically they depart from the mimetic conventions usually associated with historical novels Drawing on contemporary historiography and literary theory Scanlan defines the problem of writing historical fiction at a time when people see the subject of history as fragmentary and uncertain The writers she discusses avoid the great events of history to concentrate on its margins what interests them is history as it is experienced usually reluctantly by human beings who would rather be doing something else The first section of the book looks at fictional representations of England's difficult history in Ireland the second examines spies aliens and the loss of public confidence and the third probes the theme of Apocalypse nuclear or otherwise and depicts the collapse of the British Empire as an instance of the greatly diminished importance of Western culture in the world Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important
