## **The Big Yearpb2004:**

**Birdscapes** Jeremy Mynott,2021-10-12 What draws us to the beauty of a peacock the flight of an eagle or the song of a nightingale Why are birds so significant in our lives and our sense of the world And what do our ways of thinking about and experiencing birds tell us about ourselves *Birdscapes* is a unique meditation on the variety of human responses to birds from antiquity to today and from casual observers to the globe trotting twitchers who sometimes risk life limb and marriages simply to add new species to their life lists Drawing extensively on literature history philosophy and science Jeremy Mynott puts his own experiences as a birdwatcher in a rich cultural context His sources range from the familiar Thoreau Keats Darwin and Audubon to the unexpected Benjamin Franklin Giacomo Puccini Oscar Wilde and Monty Python Just as unusual are the extensive illustrations which explore our perceptions and representations of birds through images such as national emblems women s hats professional sports logos and a Christmas biscuit tin as well as classics of bird art Each chapter takes up a new theme from rarity beauty and sound to conservation naming and symbolism and is set in a new place as Mynott travels from his home patch in Suffolk England to his away patch in New York City s Central Park as well as to Russia Australia and Greece Conversational playful and witty *Birdscapes* gently leads us to reflect on large questions about our relation to birds and the natural world It encourages birders to see their pursuits in a broader human context and it shows nonbirders what they may be missing

**Big Years, Biggest States** Lynn E. Barber,2020-04-30 Undertaking a Big Year requires a more extreme version of planning than what is needed to bird in a typical year In a Big Year a birder is trying to see or hear new birds every day day after day throughout the whole year The first woman to complete a North American Big Year continental United States and Canada and identify over 700 species Lynn E Barber clocked more than 175 000 miles and ticked off a then record setting 723 species over twelve months in 2008 Yet even as an anomaly a female birder in the then male dominated world of competitive birding she took the initiative to reimagine the whole idea of a Big Year in the two biggest states in the country At home in both Texas and Alaska Barber offers an inside look into how to plan execute and thoroughly enjoy a year of finding the birds that inhabit two of the nation s most diverse landscapes The drastic differences between the climate geography plant life and habitat at the far northern and southern edges of the US mainland mean seeing a distinct number of birds in each state that are not found in the other Yet as states with both coastal and international boundaries Texas and Alaska provide countless opportunities to see the most seasonally varied far flying and specifically adapted birds in the world As Barber chronicles her travels throughout the Texan and Alaskan landscapes serious and casual birders alike will appreciate her lively and informative prose and commitment to her distinct approach to the Big Year challenge

**Too Many Bird Books** Geoffrey Dabb,2023-08-01 This is a chronicle of encounters with a lot of bird books in fact a lifetime of such encounters The world of bird books is vast and varied defying coherent descriptions The author s qualification for making this attempt to describe it is that he owns several hundred of them gathered over more than 70 years

To help make sense of this obsession the description of the books is linked to life in which traditional birdwatching and book hunting went on in different places and in between other things

**U.S. Automotive Industry** Stephen Cooney, Brent D. Yacobucci, 2007 Over one million Americans are employed in manufacturing motor vehicles equipment and parts But the industry has changed dramatically since the U S Big Three motor vehicle corporations General Motors Ford and Chrysler produced the overwhelming majority of cars and light trucks sold in the United States and directly employed many people themselves By 2003 most passenger cars sold in the U S market were either imported or manufactured by foreign based producers at new North American plants so called transplant facilities The Big Three now dominate only in light trucks and are also now being challenged there by the foreign brands The Big Three have shed about 600 000 U S jobs since 1980 while about one quarter of Americans employed in automotive manufacturing nearly 300 000 work for the foreign owned companies It is clear that the U S automotive industry has undergone many drastic changes that have had a net adverse effect on American interests This book examines the causes of these changes Congressional acts increasingly stringent emission laws the effects of NAFTA labour unions and globalisation are all within the scope of this book

**The Big Red One** James Scott Wheeler, 2007 No mission too difficult no sacrifice too great Duty First For almost a century from the Western Front of World War I to the deserts of Iraq this motto has spurred the soldiers who wear the shoulder patch bearing the Big Red One In this first comprehensive history of America s 1st Infantry Division James Scott Wheeler chronicles its major combat engagements and peacetime duties during its legendary service to the nation The oldest continuously serving division in the U S Army the Fighting First has consistently played a crucial role in America s foreign wars It was the first American division to see combat and achieve victory in World War I and set the standard for discipline training endurance and tactical innovation One of the few intact divisions between the wars it was the first army unit to train for amphibious warfare During World War II the First Division spearheaded the invasions of North Africa and Sicily before leading the Normandy invasion at Omaha Beach and fighting on through the Hurtgen Forest the Battle of the Bulge the Ruhr Pocket and deep into Germany By war s end it had developed successful combined arms regimental combat teams and made advances in night operations Wheeler describes the First Division s critical role in postwar Germany and as the only combat division in Europe during the early Cold War After returning to the United States at Fort Riley Kansas the division fought valiantly in Vietnam for five trying years successfully protecting Saigon from major infiltration along Highway 13 while pioneering air mobile operations It led the liberation of Kuwait in Desert Storm and kept an uneasy peace in Bosnia and Kosovo Along the way Wheeler illuminates the division s organizational evolution its consistently remarkable commanders and leaders and its equally remarkable soldiers Meticulously detailed and engagingly written The Big Red One nimbly combines historical narrative with astute analysis of the unit s successes and failures so that its story reflects the larger chronicle of America s military experience over the past century
