**Night's Caress** Mary Hughes,2017-09-25 When artist Brie Lark left her vampire ex and her straitjacket of a hometown to breathe free in New York City she promised herself two things she d never go back to Meiers Corner and no more vampires The last thing she expected or wanted was to be sent back home on an assignment But her boss at the FBI needs her undercover on a murder case working with a black haired black eyed giant god of a man who s her idea of perfection except for one thing he s a vampire FBI Special Agent Seb Rikare is an ancient vampire hardened by loss He s cut all emotions to protect himself and leads a deliberately steady almost sterile life The brash young woman forced to pose as his lover irritates him with her jangling bracelets and colorful hair But as much as she irritates him he finds himself drawn to her lively spirit and he s tempted to make fantasy a reality Each book in the Ancients series is STANDALONE Night s Caress Night s Kiss Night s Bliss

**A Reader in Sociophonetics** Dennis R. Preston,Nancy Niedzielski,2010-07-30 Sociophonetics is one of the sub branches of the discipline that has attracted a great deal of attention over the last decade Recent advances in speech science and their technological simulations allow increasingly sophisticated studies of the progress of language contact and change These studies particularly those at the level of pronunciation show that language variety is robust and socially embedded in interesting ways Instrumental studies of language variety contact and change have focused on the role of social categories and attitudes in variety perception as well as production Some of the studies presented in this volume look at the specific role of social factors in the formation progress and deterrence of intralingual contact and change while others look at the ways in which social identities and beliefs influence a listener s ability to identify and comprehend varieties These studies use detailed acoustic analyses of production speech data and of responses to samples of data based on such analyses Although the book assumes some knowledge of basic acoustics and variationist studies the general introduction provides a review of practices in the field including those of collection analysis and interpretation
