*The Bounds of Agency* Carol Rovane, 2019-03-26 The subject of personal identity is one of the most central and most contested and exciting in philosophy Ever since Locke psychological and bodily criteria have vied with one another in conflicting accounts of personal identity Carol Rovane argues that as things stand the debate is unresolvable since both sides hold coherent positions that our common sense she maintains is conflicted so any resolution to the debate is bound to be revisionary She boldly offers such a revisionary theory of personal identity by first inquiring into the nature of persons Rovane begins with a premise about the distinctive ethical nature of persons to which all substantive ethical doctrines ranging from Kantian to egoist can subscribe From this starting point she derives two startling metaphysical possibilities there could be group persons composed of many human beings and multiple persons within a single human being Her conclusions supports Locke s distinction between persons and human beings but on altogether new grounds These grounds lie in her radically normative analysis of the condition of personal identity as the condition in which a certain normative commitment arises namely the commitment to achieve overall rational unity within a rational point of view It is by virtue of this normative commitment that individual agents can engage one another specifically as persons and possess the distinctive ethical status of persons Carol Rovane is Associate Professor of Philosophy at Yale University Originally published in 1997 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
