The Boy In The Moon:

The Boy in the Moon Ian Brown, 2011-04-26 The truth Brown learns from his severely disabled child is a rare one The life that seems to destroy you is the one you long to embrace New York Times Book Review Ian Brown's son Walker is one of only about 300 people worldwide diagnosed with cardiofaciocutaneous CFC syndrome an extremely rare genetic mutation that results in unusual facial appearance the inability to speak and a compulsion to hit himself constantly At age thirteen he is mentally and developmentally between one and three years old and will need constant care for the rest of his life Brown travels the globe meeting with genetic scientists and neurologists as well as parents to solve the questions Walker's doctors can't answer In his journey he offers an insightful critique of society's assumptions about the disabled and he discovers a connected community of families living with this illness As Brown gradually lets go of his self blame and hope for a cure he learns to accept the Walker he loves just as he is Honest intelligent and deeply moving The Boy in the Moon explores the value of a single human life Candid heartwrenching Much more than a moving journal of life with a disabled child it is about Brown's quest to understand his son and his son's condition An absorbing revealing work of startling frankness Kirkus Reviews Unforgettable Crisp observant and occasionally subversively funny Cleveland Plain Dealer Honest and deeply moving Tucson Citizen A beautiful book heartfelt and profound warm and wise Jane Bernstein author of Loving Rachel and Rachel in the World

The Boy in the Moon Ib Spang Olsen, 1977-01-01 Seeing its reflection in the water the Man in the Moon thinks it's another moon and sends the Boy in the Moon to get it for him

[The Boy in the Moon](#) Ian Brown, 2010-01-22 Walker Brown was born with a genetic mutation so rare that doctors call it an orphan syndrome perhaps 300 people around the world also live with it Walker turns twelve in 2008 but he weighs only 54 pounds is still in diapers can't speak and needs to wear special cuffs on his arms so that he can't continually hit himself Sometimes watching him Brown writes is like looking at the man in the moon but you know there is actually no man there But if Walker is so insubstantial why does he feel so important What is he trying to show me In a book that owes its beginnings to Brown's original Globe and Mail series he sets out to answer that question a journey that takes him into deeply touching and troubling territory All I really want to know is what goes on inside his off shaped head he writes But every time I ask he somehow persuades me to look into my own

The Boy in Nebraska and the Ice Man of the Alps Anthony T. Cluff, 2016-07-29 In keeping with the keen historical insights of his first book In Search of the Great White God where he probes origins of his childhood religion Anthony T Cluff once again reaches back in time to tell stories here of thirty two boys and men and their journey to manhood While each story is unique Cluff says that the common theme in all is the uncertainty of the journey once it has begun The outcome can never be foreseen One young boy's journey ends almost before it begins another's at the doorstep to manhood while another man's journey has gone on for centuries In the telling of these stories Cluff creates a new awareness of the long and unbroken chain that links all of us living today with the boys and men who overcame the challenges of life's journey in the

past Then as now the journeys are about courage heroism tragedy defeat setbacks and opportunity There is something here for everyone in these stories Cluff says but these stories will have special meaning for young men who are now on their own unique journeys to becoming a man

The Boy Who Captured The Moon Nick Thornton,2024-09-17 Liam had always been a dreamer but even in his dreams he knew the difference between imagination and reality The problem was for Liam the lines between the two were never fully drawn In the village where he grew up nestled between the endless fields of grain and the low forested hills people were practical Their lives were built around the steady rhythm of farming trade and family Every day was like the one before and the days ahead promised the same predictable secure and simple But Liam was different

The Boy in the Bush D. H. Lawrence,M. L. Skinner,2002-04-11 This is the first critical edition of *The Boy in the Bush* a novel whose unlikely genesis has been surrounded in mystery and the subject of claim and counter claim A systematic study of all the extant textual documents has revealed a process of composition and revision which qualifies the novel to be treated unequivocally as part of the Lawrence canon At Lawrence s suggestion an Australian nurse and part time author Mollie Skinner whom he had met in 1922 wrote a tale set in late nineteenth century Western Australia about a newly arrived young Englishman s reactions to Perth and the outback Lawrence s complete rewriting converted her production into an ambitious powerful novel The reading text here established eliminates all such instances of censorship and strips away the thousands of regularisings and miscopyings introduced by typists and typesetters Based on Lawrence s autograph manuscript the text meticulously incorporates his subsequent revisions in the typescripts and proofs
