The Case Against Divorce:

The Case Against Divorce Diane Medved, 1989 Psychologist Diane Medved interviewed 200 separated and divorced persons and found that the cure of divorce is more often worse than the problems of marriage Offers a plan and attack for saving the good in marriage and stopping the rush to divorce [The Case Against Divorce](#) Mark Hamilton, David Logan, 1986

The Case Against Divorce Mark Hamilton, 1995 [The Case Against Divorce](#) Focus on the Family, 1989 **The Case Against Divorce** Diane Medved, Ph.D., 1990-05-28 Despite the pain the emotional turmoil the fights and the tears marital problems can be solved without ending in a trauma that will haunt you and your family for years Written by a renowned clinical psychologist this reassuring book reveals how your family your friends and even society at large can inadvertently encourage divorce and subtly deceive you into thinking that single is better Discover Step by step methods for recognizing your marital problems and working them out together The very valid reasons to stay together that are usually given bum raps including We Should Stay Together for the Sake of the Children and I m Staying in My Marriage Because I Can t Face Being Alone The most common reasons given for divorce and why they are more often than not excuses for not wanting to face the difficulties of marriage The destructive myths of divorce including The Fresh Start Meeting Lovers is Easy and the Greener Grass Syndrome The exceptional situations when divorce really is the only answer And much more **The Case Against Divorce** Diane Medved, 1990-05-28 Divorce may not be the answer to marital problems Clinical psychologist Diane Medved offers step by step methods for recognizing marital troubles and how to work them out together the truths behind the myths of divorce and the most common reasons for divorce and what they truly mean Fine *The Case Against the Sexual Revolution* Louise Perry, 2022-05-16 Ditching the stuffy hang ups and benighted sexual traditionalism of the past is an unambiguously positive thing The sexual revolution has liberated us to enjoy a heady mixture of erotic freedom and personal autonomy Right Wrong argues Louise Perry in her provocative new book Although it would be neither possible nor desirable to turn the clock back to a world of pre 60s sexual mores she argues that the amoral libertinism and callous disenchantment of liberal feminism and our contemporary hypersexualised culture represent more loss than gain The main winners from a world of rough sex hook up culture and ubiquitous porn where anything goes and only consent matters are a tiny minority of high status men not the women forced to accommodate the excesses of male lust While dispensing sage advice to the generations paying the price for these excesses she makes a passionate case for a new sexual culture built around dignity virtue and restraint This counter cultural polemic from one of the most exciting young voices in contemporary feminism should be read by all men and women uneasy about the mindless orthodoxies of our ultra liberal era Also available as an audiobook narrated by the author **Don't Divorce** Diane Medved, 2017-03-06 If you re in a troubled marriage divorce might seem like a reasonable option But in most cases it s a calamity Shows like Bravo s *Girlfriends Guide to Divorce* and HBO s *Divorce* normalize the dissolution of marriage making couples feel that divorce can be a happy new beginning

Celebrities suggest a norm that divorce is not only acceptable but advisable Gwyneth Paltrow's conscious uncoupling makes divorce seem trendy and enlightened Today couples are even throwing divorce parties complete with invitations and caterers Enough says psychologist Diane Medved If you're hurtling down the road to divorce the first thing to do is to put on the brakes Don't let your spouse your friends or the divorce industry rush you into ending your marriage Take a deep breath and read this book Drawing on three decades of clinical and personal experience Dr Medved will show why you should save and revitalize your marriage She expertly unmasks the threats to marriage including hookup apps that promise non-committal sex and legions of professionals who are financially invested in your divorce She punctures one by one the arguments in favor of divorce proving that the good divorce is a myth Don't Divorce is the antidote to a pro-divorce culture the tool that will empower you to revive a dying marriage and recover the happiness that seems out of reach **The Case Against**

Adolescence Robert Epstein, 2007 This groundbreaking book argues that adolescence is an unnecessary period of life that people are better off without Robert Epstein former editor in chief of Psychology Today shows that teen turmoil is caused by outmoded systems put into place a century ago which destroyed the continuum between childhood and adulthood Where this continuum still exists in other countries there is no adolescence Isolated from adults American teens learn everything they know from their media-dominated peers the last people on earth they should be learning from says Epstein Epstein explains that our teens are highly capable in some ways more capable than adults and argues strongly against infantilizing young people We must rediscover the adult in every teen he says by giving young people adult authority and responsibility as soon as they can demonstrate readiness This landmark book will change the thinking about teens for decades to come

Rethinking the Case Against Divorce Jui-Chung Allen Li, 2007 **The Moral Dignity of Man** Peter E. Bristow, 1997 Many of today's moral conflicts concerning family values and medical ethics have their basis in different conceptions of man and the nature and purpose of human life Fr Bristow argues that contemporary utilitarianism and the various forms of permissive morality are insufficient for dealing with these matters and that only a natural law morality is adequate to the needs and dignity of the human person He goes on to apply its principles to the issues that derive from advancing technology such as genetic engineering in vitro fertilization embryo research drugs and painkillers and ecology BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved [The American Ruling Cases as Determined by the Courts](#) Basil Jones, 1917 *Thy Kingdom Come* Randall Balmer, 2007-03-09 For much of American history evangelicalism was aligned with progressive political causes Nineteenth century evangelicals fought for the abolition of slavery universal suffrage and public education But contemporary conservative activists have defaulted on this majestic legacy embracing instead an agenda virtually indistinguishable from the Republican Party platform Abortion gay marriage intelligent design the Religious Right is fighting and winning some of the most important political battles of the twenty first century How has evangelical Christianity become so entrenched in partisan politics Randall Balmer is both an evangelical

Christian and a historian of American religion Struggling to reconcile the contemporary state of evangelical faith in America with its proud tradition of progressivism Balmer has headed to the frontlines of some of the most powerful and controversial organizations tied to the Religious Right With a skillful combination of grassroots organization ideological conviction and media savvy the leaders of the movement have mobilized millions of American evangelical Christians behind George W Bush s hard right political agenda Deftly combining ethnographic research theological reflections and historical context Balmer laments the trivialization of Christianity and offers a rallying cry for liberal Christians to reclaim the noble traditions of their faith
