**The Case of the Severed Head** J. C. Heesterman, 1967      [The Case of the Severed Head](#) Larry Townsend, 1994 During the riots that followed the unpopular verdicts in the Rodney King trial a group of skinhead punks preys on the Gay Community of West Hollywood In the course of this they unwittingly set in motion a series of events that places them in the role of the hunted They rape and nearly kill a young man who is more than capable of seeking a just revenge They incur the wrath of some leathermen And they cause a gruesome murder that results in the severed head being found in a dumpster behind a fast food hang out Through all of this a homophobic detective struggles to find the answer to one crime before the next occurs to overwhelm him      [Theatre and the Macabre](#) Meredith Conti, Kevin J. Wetmore, Jr., 2022-03 The macabre as a process and product has been haunting the theatre and more broadly performance for thousands of years In its embodied meditations on death and dying its thematic and aesthetic grotesquerie and its sensory rich environments macabre theatre invites artists and audiences to trace the stranger darker contours of human existence In this volume numerous scholars explore the morbid and gruesome onstage from freak shows to the French Grand Guignol from Hell Houses to German Trauerspiel from immersive theatre to dark tourism stopping along the way to look at phantoms severed heads dark rides haunted mothers and haunting children dances of death and dismembered bodies From Japan to Australia to England to the United States the global macabre is framed and juxtaposed to understand how the theatre brings us face to face with the deathly and the horrific      [Rethinking India's Oral and Classical Epics](#) Alf Hiltebeitel, 2009-02-15 Throughout India and Southeast Asia ancient classical epics the Mahabharata and the Ramayana continue to exert considerable cultural influence Rethinking India's Oral and Classical Epics offers an unprecedented exploration into South Asia's regional epic traditions Using his own fieldwork as a starting point Alf Hiltebeitel analyzes how the oral tradition of the south Indian cult of the goddess Draupadi and five regional martial oral epics compare with one another and tie in with the Sanskrit epics Drawing on literary theory and cultural studies he reveals the shared subtexts of the Draupadi cult Mahabharata and the five oral epics and shows how the traditional plots are twisted and classical characters reshaped to reflect local history and religion In doing so Hiltebeitel sheds new light on the intertwining oral traditions of medieval Rajput military culture Dalits former Untouchables and Muslims Breathtaking in scope this work is indispensable for those seeking a deeper understanding of South Asia's Hindu and Muslim traditions This work is the third volume in Hiltebeitel's study of the Draupadi cult Other volumes include Mythologies From Gingee to Kuruksetra Volume One On Hindu Ritual and the Goddess Volume Two and Rethinking the Mahabharata Volume Four      [Encyclopedia of Comparative Iconography](#) Helene E. recomposes Debrix goes beyond the idea of the integrality and integrity of the human body and it brings the focus on parts pieces or fragments of bodies and lives Looking at horror s production of bodily fragments both against and beyond humanity the book is also about horror s own attempt at re forming or re creating matter from the perspective of post human non human and inhuman fragmentation Through several contemporary instances of dismantling of human bodies and pulverization of body parts this book makes several interrelated theoretical contributions It works with contemporary post geo political figures of horror faces of concentration camp dwellers body parts of victims of terror attacks the outcome of suicide bombings graphic reports of beheadings re compositions of melted and mingled remnants of non human and human matter after 9 11 to challenge regimes of terror and security that seek to forcefully and ideologically reaffirm a biopolitics and thanatopolitics of human life in order to anchor today s often devastating deployments of the metaphysics of substance Critically enabling one to see how security and terror form a geo political continuum of violent mobilization utilization and often destruction of human and non human bodies and lives this book will be of interest to graduates and scholars of bio politics international relations and security studies

great detail highlighting its virtues and defending it against objections In the course of this defense Mooney proposes a novel criterion of identity for material objects a novel approach to solving coincidence puzzles about material objects and a novel account of sameness relations The final chapter draws out and defends some of the controversial consequences of phasalist metaphysics in the area of personal identity and personal ontology focusing particularly on three important questions about human people when does a human person begin to exist When does a human person cease to exist And what happens to a human person in brain transplant cases *The Journal of Hellenic Studies*, 1894 **Reports of Cases Determined by the Supreme Court of the State of Missouri** Missouri.
