**Three Monsters in Vedic Astrology** Ram Babu Sao,2025-11-18 Three Monsters of Vedic Astrology are the Pitra Dosh Kaal Sarp Dosh and Manglik Dosh This book Three Monsters in Vedic Astrology is a unique book which is very informative and also easy to understand One book is truly the equivalent of several books on Kundali reading You can make the best predictions of horoscope for you or any member of your family with the help of this single book concerning the three Monsters Dosh sufferings and remedies This provides some of the elementary and in depth essential elements and methods on complete Horoscope readings of Dosh sufferings and remedies Many of the basics of astrologer's techniques are explained in detail What are all the secret techniques that astrologers are hiding for predicting a birth chart with great accuracy for the three Monsters Dosh The only thing that is hidden from the public is how to use that knowledge of Vedic Astrology How to know what matters and what doesn't matter Most astrologers love to complicate things Pitra Dosh is not a curse of the ancestors it is a Karmic Debt of the ancestors being transferred fully or partially to the native The native having

Pitra Dosh in his horoscope is supposed to pay for the same Pitra Dosh is formed in the horoscope of a native due to bad Karmas done by the ancestors of that native and this native is supposed to pay that Karmic debt by suffering the punishments decided for those debts in different spheres of his life Vedic Astrology is undoubtedly the oldest and most comprehensive faith of astrology among all such faiths practised across the globe and whereas some of these faiths have the depth and volume of a stream some of a river Vedic Astrology is the ocean that can provide resources to all these faiths and which can validate or invalidate any one of these faiths Astrology does not hold ground in the real practice of astrology almost all of them hold solid ground in their modified forms I have found out this fact after years of intensive research on these topics and after cross checking them with thousands of horoscopes so that they should hold ground when it comes to real life and real horoscopes instead of just reflecting on paper and after all this effort they do hold ground in their modified forms Hence this book should be understood as an effort to create such awareness among the lovers of Vedic Astrology that this faith itself is still as complete as it was when it was born but various misinterpretations from time to time may have caused confusions related to many important concepts of this faith Through this book I have tried to create awareness about various aspects related to the concept of mainly three monsters Dosh like the Pitra Dosh Kaal Sarp Dosh and Manglik Dosh and many other Dosh too in Vedic Astrology This book starts with an article on Pitra Dosh which discusses some of the prevailing beliefs related to this defect and which also deals with some interesting facts related to this defect Cat Catalog Judy Fireman,1982 The Horoscope, a quarterly review of astrology and occult science, ed. by R.
