## **The Chamars Of Uttar Pradesh:**

**The Chamars of Uttar Pradesh** Anath Bandhu Mukerji,1980 Study of a scheduled caste in Uttar Pradesh Hindi Dalit Literature in the United Provinces Tapan Basu,2023-05-30 The book will focus upon the growth of a Hindi Dalit literary culture at its formative stage in the 1920s and the 1930s and the significant role played by Swami Acchutanand and Chandrikaprasad Jigyasu in this process The book introduces the Dalit public sphere in the United Provinces in the early decades of the twentieth century It tracks the growth and the development of a Dalit print culture in the United Provinces during the 1920s and the 1930s The book centres on the figures of Swami Acchutanand and Chandrikaprasad Jigyasu anti caste intellectuals and the most eminent figures in the Hindi Dalit world of letters during that era The purpose of the proposed book is to rescue Swami Acchutanand and Chandrikaprasad Jigyasu from undeserved obscurity and accords to them the importance that they merit in any chronicle of the Dalit cultural movement in North India *Factional Politics in an Indian State* Paul R. Brass,1965 **The Oxford Handbook of Caste** ,2023-10-31 Beginning with the 1990s the subject of caste has seen a profound increase in interest among scholars What was until then approached as a fossilized tradition of the ritual obsessed Hindus refusing to see the progressive spirits of the emerging world and studied as a branch of anthropology suddenly began to be seen as a complex reality deeply embedded in a range of institutions and social practices attracting scholars from a wide range of disciplines sociology political science history literature and even economics Underlying this opening of the subject of caste were many factors epistemic empirical and political Caste is no longer approached through the classical binaries of traditional and modern the East and the West or the closed and open systems of stratification With the growing consolidation of caste based identities among those ranked lower down in the hierarchy since the 1990s raising questions of citizenship and dignity the subject has acquired a new salience As the emerging research shows the realities of caste on the ground have always been diverse across regions often contested and ever changing This Handbook presents a wide range of essays written by authors representing diverse academic disciplines and perspectives bringing together the emerging trends in the research imaginations and lived realities of caste *The Untouchables* Oliver Mendelsohn,Marika Vicziany,1998-04-30 In a sensitive and compelling account of the lives of those at the very bottom of Indian society Oliver Mendelsohn and Marika Vicziany explore the construction of the Untouchables as a social and political category the historical background which led to such a definition and their position in India today The authors argue that despite efforts to ameliorate their condition on the part of the state a considerable edifice of discrimination persists on the basis of a tradition of ritual subordination Even now therefore it still makes sense to categorise these people as Untouchables The book promises to make a major contribution to the social and economic debates on poverty while its wide ranging perspectives will ensure an interdisciplinary readership from historians of South Asia to students of politics economics religion and sociology *Development of Scheduled Caste Leather Artisans* R.
