Petitioner (Your Present Name):

Index Number:

I am requesting a Court Order for the following (check all that apply):

- Name Change** (complete Section A below)
- Sex Designation Change** (complete Section B below)

Please note:

- A court order is not required under New York law to change your sex designation on an identity document (birth certificate, driver's license, photo ID, etc.) issued in New York.
- Every state has its own requirements for a sex designation change. Some states may not honor sex designation change orders from New York courts. If you want to change an identity document issued in another state, you should check that state's requirements before you file an application.

Are you asking the judge to seal the record for your personal safety? Yes No

NOTE: If yes, the clerk will temporarily enter your case as "Restricted" (your name and case information will be private) until the judge makes a final decision about sealing your case.

SECTION A: NAME CHANGE (complete this section for a name change)

The Change Child:

Change Your Child's Behaviour Anchen Witthuhn, 2015-07-01 Change Your Child's Behaviour is more than just a do it yourself guide to the often fraught business of dealing with what society in general would define as naughty or difficult behaviour from children. In accessible, non-judgemental and jargon-free terms, Anchen Witthuhn sympathetically examines the reasons why little ones or preteens may exhibit a variety of challenging behaviours, either at school, in the home or in their daily interactions with others. Dealing head-on with sensitive issues such as discipline, anger management, exposure to inappropriate electronic media and the continuous need for firm, gentle and positive reinforcement, the book goes to the root of the problem. Through a practical, structured individual programme of daily messages, relaxation techniques, feedback and appropriate material, Change Your Child's Behaviour provides sensible and stress-free solutions to a range of widely experienced problems.

This fifth edition has been updated to include a new chapter on technology, its influence on children and ways that technology can be used during counselling. New content on issues of diversity and difference in counselling children, the different contexts in which counselling children occur, discussion of concepts of wellbeing and resilience, updated references and research. The book is supported by a new companion website that provides training materials and handouts on a range of skills for counselling children, including helping the child to tell their story, sand tray work, the use of miniature animals, the use of clay and helping the child to change thoughts and behaviour.
