Killing the Dead John Blair, 2025-11-11 A riveting history of vampire panics across cultures and down through the millennia and why killing the dead is better than killing the living Killing the Dead provides the first in depth global account of one of the world's most widespread yet misunderstood forms of mass hysteria the vampire epidemic In a spellbinding narrative John Blair takes readers from ancient Mesopotamia to present day Haiti to explore a macabre frontier of life and death where corpses are believed to wander or do harm from the grave and where the vampire is a physical expression of society's inexplicable terrors and anxieties In 1732 the British public opened their morning papers to read of lurid happenings in eastern Europe Serbian villagers had dug up several corpses and had found them to be undecayed and bloated with blood Recognizing the marks of vampirism they mutilated and burned them Centuries earlier the English themselves engaged in the same behavior In fact vampire epidemics have flared up throughout history in ancient Assyria China and Rome medieval and early modern Europe and the Americas Blair blends the latest findings in archaeology anthropology and psychology with vampire lore from literature and popular culture to show how these episodes occur at traumatic moments in societies that upend all sense of security and how the European vampire is just one species in a larger family of predatory supernatural entities that includes the female flying demons of Southeast Asia and the lustful yoginis of India Richly illustrated Killing the Dead provocatively argues that corpse killing far from being pathological or unhealthy served as a therapeutic and largely harmless outlet for fear hatred and paranoia that would otherwise result in violence against marginalized groups and individuals

Australian Dictionary of Biography, Volume 19 Melanie Nolan, 2021-03-09 Volume 19 of the Australian Dictionary of Biography ADB contains concise biographies of individuals who died between 1991 and 1995 The first of two volumes for the 1990s it presents a colourful montage of late twentieth century Australian life containing the biographies of

significant and representative Australians The volume is still in the shadow of World War II with servicemen and women who enlisted young appearing but these influences are dimming and there are now increasing numbers of non white non male non privileged and non straight subjects The 680 individuals recorded in volume 19 of the ADB include Wiradjuri midwife and Ngannawal Elder Violet Bulger Aboriginal rights activist poet playwright and artist Kevin Gilbert and Torres Strait Islander community leader and land rights campaigner Eddie Mabo HIV AIDS child activists Tony Lovegrove and Eve Van Grafhorst have entries as does conductor Stuart Challender the first Australian celebrity to go public about his HIV AIDS condition in 1991 The arts are as always well represented including writers Frank Hardy Mary Durack and Nene Gare actors Frank Thring and Leonard Teale and arts patron Ian Potter We are beginning to see the effects of the steep rise in postwar immigration flow through to the ADB Artist Joseph Stanislaw Ostojka Kotkowski was born in Poland Pilar Moreno de Otaegui co founded the Spanish Club of Sydney Chinese restaurateur and community leader Ming Poon Dick Low migrated to Victoria in 1953 Often we have a dearth of information about the domestic lives of our subjects politician Olive Zakharov however bravely disclosed at the Victorian launch of the federal government s campaign to Stop Violence Against Women in 1993 that she was a survivor of domestic violence in her second marriage Take a dip into the many fascinating lives of the Australian Dictionary of Biography **The Thiess Story** Joan Priest,1981 Also provides details about the Snowy Mountains Scheme *Books Abroad* ,1929 *Sideways in Time* Glyn Morgan,Charul Palmer-Patel,2019-09-26 This important collection of essays acknowledges the long and distinctive history of the alternate history genre whilst also revelling in its vitality adaptability and contemporary relevance with many of the chapters discussing late twentieth and early twenty first century texts which have previously received little or no sustained critical analysis [From 1915 to the Early 1980s](#) Ross Fitzgerald,1984 **Universal Oil Products Company V. Globe Oil & Refining Company** ,1942 **Neuanfänge** ,1983 **Robert Taylor** Gillian Kelly,2019-06-27 Because of his lengthy screen resume that includes almost eighty appearances in such movies as Camille and Waterloo Bridge as well as a marriage and divorce to actress Barbara Stanwyck Robert Taylor was a central figure of Hollywood s classical era Despite this he can be regarded as a lost star an interesting contradiction given the continued success he enjoyed during his lifetime In *Robert Taylor Male Beauty Masculinity and Stardom in Hollywood* author Gillian Kelly investigates the initial construction and subsequent developments of Taylor s star persona across his thirty five year career By examining concepts of male beauty men as object of the erotic gaze white American masculinity and the unusual longevity of a career initially based on looks Kelly highlights how gender masculinity and male stars and the ageing process affected Taylor s career Placing Taylor within the histories of both Hollywood s classical era and mid twentieth century America this study positions him firmly within the wider industrial cultural and socioeconomic contexts in which he worked Kelly examines Taylor s film and television work as well as ephemeral material such as fan magazines to assess how his on and off screen personas were created and developed over time Taking a mostly chronological

approach Kelly places Taylor's persona within specific historical moments in order to show the complex paradox of his image remaining consistently recognizable while also shifting seamlessly within the Hollywood industry. Furthermore, she explores Taylor's importance to Hollywood cinema by demonstrating how a star persona like his can fit so well and for so long that it almost becomes invisible and eventually almost forgotten. *The Nation*, 1927 **The New Republic** Herbert David Croly, 1928 **The Modern Languages Forum**, 1926 **Modern Language Forum**, 1924 **Building a Nation** Neil Montagnana-Wallace, 2014 Over the past eight decades Thiess has evolved into Australia's pre-eminent construction, mining and services contractor. It's an epic journey that began in 1934 and continues today with the company operating across the country and into Asia and India. The story of Thiess is full of ups and downs of innovation and desperation and of failure and success. *The Coalminers of Queensland: Creating the traditions* Pete Thomas, 1986 *Children*, 1929 **Parents' Magazine & Better Homemaking**, 1929 America's 1 family magazine **Utah and Queensland Coal** Brian Galligan, 1989
