Weight and Measure American Institute of Weights and Measures,1928 *The Expository Times* ,1919 *The Essential Augustine* Saint Augustine (Bishop of Hippo.),Vernon Joseph Bourke,1974-01-01 The Essential Augustine contains selected passages from about forty key works by St Augustine of Hippo nearly half of which were specifically translated for this collection The table of contents provides precise references to the source treatises A bibliography and glossary of key terms are included along with appendixes containing a list of all Augustine s known writings alphabetized by standard English titles **The Light That Binds** Stephen L. Brock,2020-03-30 If there is any one author in the history of moral thought who has come to be associated with the idea of natural law it is Saint Thomas Aquinas Many things have been written about Aquinas s natural law teaching and from many different perspectives The aim of this book is to help see it from his own perspective That is why the focus is metaphysical Aquinas s whole moral doctrine is laden with metaphysics and his natural law teaching especially so because it is all about first principles The book centers on how Aquinas thinks the first principles of practical reason which for him are what make up natural law function as laws It is a controversial question and the book engages a variety of readers of Aquinas including Francisco Suarez Jacques Maritain prominent analytical philosophers Straussians and the initiators of the New Natural Law theory Among the issues addressed are the relation between natural law and natural inclination how far natural law depends on knowledge of human nature what its obligatory force consists in and above all how it is related to what for Aquinas is the first principle of all being the divine will The Apocalypse Explained, According to the Spiritual Sense Emanuel Swedenborg,1871 *Principles of Political Economy* John Stuart Mill,1899 **Progress** ,1900 **Principles of Political Economy with Some of Their Applications to Social Philosophy** John Stuart Mill,1898 **The Dialogues of Plato** Plato,1874 **Encountering the Living God in Scripture** William M. IV Wright,Francis Martin,2019-01-22 This work gives a philosophical and theological account of the belief that Scripture enables people to encounter the life giving reality of God The authors examine the biblical foundations for this belief as given in a variety of witnesses from both Testaments and explain the philosophical and theological underpinnings of Christian exegesis The book sums up and makes accessible the teaching of revered senior scholar and teacher Francis Martin and is aimed squarely at students assuming no advanced training in philosophy or theology It includes a foreword by Robert Sokolowski The Churchman's Family Bible ,1883 Work, Leisure and Well-Being John T Haworth,2006-04-19 Although it is now well established that unemployment is detrimental to health and well being most of us assume that a well structured rewarding leisure activity would be preferable to paid work John Haworth challenges these assumptions and shows that the very constriction of work like having to perform a task we wouldn t otherwise choose are often the most rewarding in the end Work Leisure and Well Being reviews the current literature and complements it with the findings of the most recent research to provide a serious and fascinating study of the most important areas of adult life It raises as many questions as it answers

for instance if paid work is better than a leisure activity what s the use of looking forward to retirement Work Leisure and Well Being will be of interest not only to psychologists but also to a wide range of professionals involved in social policy and the leisure industry
