Written by Karna Raju, this comprehensive guide covers every critical dimension of the creator journey from downloading Roblox Studio for the first time to operating a full-scale revenue-generating game studio. With 18 in-depth chapters spanning game design, psychology, Lua scripting fundamentals, viral launch strategy, community building, and the DevEx monetization system, this ebook delivers the knowledge framework that top creators spent years and thousands of dollars learning through trial and error. Every chapter is built around actionable frameworks, real-world strategies, and step-by-step systems that work in today's competitive creator landscape. Readers will learn how to design gameplay loops that keep players returning daily, how to price in-game items using proven pricing psychology, how to build and manage a remote development team, and how to market their games across TikTok, YouTube, and the Roblox algorithm simultaneously. Whether you are a complete beginner who has never opened Roblox Studio or an experienced developer looking to scale your monthly Robux earnings to full-time income levels, this playbook provides a structured roadmap that meets you where you are. The book includes advanced chapters on AI-powered development tools, live operations strategy, legal and tax foundations, and the emerging cross-game economy trends defining the creator landscape beyond 2026.
