S. Praver,2017-12-02 This study traces the successive stages of Thackeray's contact with the German world and analyses the discourse he developed as a result The author is concerned with the fiction and criticism of Thackeray's Paris Sketch Book and the impressions related by the cockney traveller in Irish Sketch Book and Notes of a Journey from Cornhill to Grand Cairo Thackeray's own pictorial illustrations of his writings and those by Cruikshank Doyle and Walker which he supervised and supplemented are recognized as an integral part of his German discourse The study is a chronological one setting Thackeray's construction of German and the Germans against the background of his own development and of the social industrial cultural and political history of Britain and its continental neighbours Reports of Cases Argued and Determined in the Supreme Court of New South Wales New South Wales. Thackeray's European Sketch Books* Siegbert Salomon Praver,2000 This copiously illustrated study focuses for the first time in any language on the whole range of Thackeray's verbal and graphic portraits and caricatures of European men women and children of his own and earlier periods It takes its readers on what he called a Roundabout Journey in which they look through the eyes of a variety of narrators and personae at natives of France Greece Italy Switzerland the Habsburg Empire Poland Russia Scandinavia the Low Countries Spain Portugal and Turkey There are a few German examples too but these are peripheral here because the author has considered them in depth in a previous book *Breeches and Metaphysics* Thackeray's German Discourse The contexts in which these portraits and caricatures are set include more or less ironized stereotypes and conventions impressions of landscapes and townscapes trade and diplomatic relations European literature drama showmanship journalism music and many varieties of the pictorial arts Some of the most memorable portrayals characterize past and present writers and artists through descriptive analyses of their work Contemporary prejudices and received opinions relating to class gender and nationality flow freely into such characterizations but they are constantly relativized by the interposition of quirky narrators and a keen sense of the failings and snobberies of Britons observed at home and abroad While reflecting his time in many ways Thackeray's discourse also helped to shape it and a close scrutiny of the European portraits here disengaged from his work should serve to enhance his stature as a shrewd and witty observer a gifted portraitist and caricaturist with pen and pencil and a powerful voice in Britain's ongoing conversation with her European neighbours **A Guide to English Literature** Boris Ford,1963 A Russian couple wanted a child so much that they made one out of snow **From Dickens to Hardy** Boris Ford,1982 The Victorian social and political scene Literary scene Charles Dickens Thackeray and Trollope Tennyson Robert Browning
