To be a Muslim Fathi Yakan, 1993 **How to Be a Muslim?** Amira Habashy Afifi, 2020-06-16 Since the message of the Prophet Muhammad May God bless him and grant him peace came it has faced a lot of objection and lies from the tribe of Quraish infidels who wanted to enjoy the benefits of life alone without taking into their accounts vulnerable groups and poor or give the rights to its owners and give up arrogance and lies so they chose their lusts more than following and abiding by the high end Muhammadan law that stands next to the weak and the oppressed Islam equated between black and white the only differential criterion is piety good deeds and good following Recently the true features of the Islamic religion became clear we mention the priest Malin Kennedy and her testimony to the Islamic religion as a realistic and practical religion The Holy Prophet was accused of lying madness and poetry and God Almighty supported him with the many miracles that have been seen from who lived in the time of the Prophet and the eternal miracle remained and it is the Book of God Almighty with its endless miracles and it is not destroyed due to frequent use and the Hadith Sharif it is the correct Prophet Muhammad speech filled with miracles which is proved by science day after day and standing in front of modern science which stands fascinated by these miracles in the Book of Allah and the Sunnah of the Prophet Muhammad peace be upon him When I thought about writing this book I mainly targeted the new Muslims who testified in the oneness of God Almighty and declared their Islam and want to learn the teachings of the Islamic religion in order to follow them in order to obtain the satisfaction of God Almighty in this world and the hereafter I have taken into my account the vast difference between the Islamic environment and the open western society where there are many differences in many customs and traditions so I put in my book the basic concepts of the Islamic religion without going into depth in many details in order to present a full view of what this great religion is in general I will leave the opportunity to delve deeper into this for anyone who wants more The rulings of Islam were gradually revealed in consideration of the society in which it was descended in which obscenity was

committed and people drank alcohol and worshiped idols and orders came gradually by order to compose the hearts first for the message and accept the religion as well as the matter with new Muslims so the entry of Islam is a great transition in Doctrine implementation of orders living for God and Self obedience training are not easy matters but it need support and patience God Almighty has taught us to seek patience and prayer in all our affairs and that our whole life be for God so we eat in order for our body to be strengthened and we can pray and perform acts of worship we marry in order to increase The offspring and having children who worship God we spend money in order to greed for the reward of spending and we remind God in all our daily conditions in order to obtain the reward of Mention of God But basically I target every new Muslim wants to know what are the teachings imposed by the religion of Islam and I answer many of the questions that revolve around the subject

BOOK JACKET To Be an Arab in Israel Laurence Louër,2007-03-06 To Be an Arab in Israel fills a long neglected gap in the study of Israel and the contemporary Arab world Whether for ideological reasons or otherwise both Israeli and Arab writers have yet to seriously consider Israel s significant minority of non Jewish citizens whose existence challenges common assumptions regarding Israel s exclusively Jewish character Arabs have been a presence at all levels of the Israeli government since the foundation of the state Laurence Lou r begins her history in the 1980s when the Israeli political system began to take the Arab nationalist parties into account for the political negotiations over coalition building Political parties especially Labour sought the votes of Arab citizens by making unusual promises such as ownership and access to land The continuing rise of nationalist sentiments among Palestinians however threw the relationship between the Jewish state and the Arab minority into chaos But as Lou r demonstrates Palestinization did not prompt the Arab citizens of Israel to set aside their Israeli citizenship Rather Israel s Arabs have sought to insert themselves into Israeli society while simultaneously celebrating their difference and these efforts have led to a confrontation between two conceptions of society and two visions of Israel Lou r s fascinating book embraces the complexity of this history revealing the surprising collusions and compromises that have led to alliances between Arab nationalists and Israeli authorities She also addresses the current role of Israel s Arab elites who have been educated at Hebrew speaking universities and the continuing absorption of militant Islamists into Israel s bureaucracy To Be an Arab in Israel is a discerning treatment of an enigmatic little known but nevertheless highly influential people Their effect on the balance of power in the Middle East seems destined to grow in the twenty first century
