*Commentary on the Holy Scriptures: Ezekiel* Johann Peter Lange, 1876 **The American Dream as a subject in speeches**  
Christine So-Young Um, 2008 Seminar paper from the year 2005 in the subject Politics International Politics Region USA  
grade 1 7 University of Duisburg Essen Politische Theorie course Politische Rhetorik 10 entries in the bibliography language  
English abstract The American Dream has always been a central subject in political speeches Jimmy Carter and Ronald  
Reagan were not the only presidents who referred to it in their speeches Quite possibly every presidential candidate and  
president related to it when they accepted their nominations and when they outlined their political programmes at their  
inaugurations Ever since it has become part of the tradition of political rhetoric in the United States one can say how  
centrally important the American Dream still is and what great influence it has on the American people So what exactly is the  
American Dream Peter Freese calls the attempt of defining it subjective and incomplete especially because he is of the  
opinion that the vision and beliefs transferred in the American Dream change with the times However he quotes Hartmut Keil  
by using his definition of the American Dream with a lot of its beliefs and convictions that are substantial parts of it  
Individual success advancement materialism personal success neighborliness naturalness individuality freedom equality  
equal opportunity search for identity national purpose American consciousness democratic dream dream of paradise moving  
force liberation of humanity world's salvation but he comes to the conclusion that there is not the possibility of a precise  
definition in case one does not want to list nearly every aspect of American society Still the fundamental values and virtues  
that build the basis and are the core function of the American Dream are the main part of American political rhetoric The  
metaphor of the American Dream has always been used by being glorified by politicians in their speeches and mostly with the
