Waterworth,2003-12-16 Despite the familiarity of hope in human experience it is a phenomenon infrequently considered from a philosophical point of view This book charts the centrality of hope in thought and action from first second and third person perspectives From everyday situations to extreme circumstances of trial and endings in life the contours of hope are given a phenomenological description and subjected to conceptual analysis This consistently secular account of hope sheds a different light on questions of agency and meaning **How to Saw a Man in Half** Andy Mascola,2025-06-29 It was eight in the morning on a Friday I d just arrived for work I d been employed by this particular company for about a month I was asked to follow the woman past a glass office wherein I saw my supervisor sitting behind a laptop with an employee across from him This was highly abnormal for that early hour Something was up I began to sweat I was brought into a room where it was just the female superior and myself She shut the door I stood against a wall as if in front of a firing squad my hands hanging loosely by my sides She stood at the opposite side of the room one foot on the lowest rung of a chair and proceeded to tell me how a colleague had complained about me This was it I was about to get fired for the third time in the same year I began to shake I shook so much that the woman noticed What s going on she asked I didn t want to speak for fear my voice would sound shaky

I didn't want to tell this woman I'd been canned twice in the last ten months under circumstances very similar to what was happening in that moment I didn't want to tell this woman that I'd only recently got my confidence back and was beginning to fear I was about to lose it again I didn't want this woman to know that my wife of over twenty years didn't love me anymore and wanted a divorce I didn't want this woman to know my wife had told me she no longer wanted me to express tender sentiments toward her because she didn't reciprocate them I didn't want to tell this woman whom I'd known in a professional capacity for barely a handful of weeks and who was not my friend or at all friendly to me that my wife did not want me to touch her anymore I've had a bad couple years was all I could get out
