All the Boundaries of the Land Nili Wazana,2013-11-14 What are the borders of the Promised Land in the Hebrew Bible What drives and characterizes the descriptions given of them The starting point for this research lies in the premise that despite their detailed geographical nature the biblical texts are not genuinely geographical documents They are more appropriately to be understood and examined as literary texts composed in the service of an ideological agenda In order to comprehend properly the idea of the Promised Land presented in the Hebrew

Bible its definitions dimensions and significance we must understand that the descriptions belong to diverse literary genres were composed according to various literary devices that require decoding and that reflect a range of perspectives outlooks and notions All the Boundaries of the Land provides engaging fresh perspectives on the variant views of the Promised Land in the interface between literature history geography and ideology It does not intend to answer the question of how the borders of the land altered throughout the course of history The reader will find no maps or outlines in this book The emphasis is on the literary tools that were employed by the biblical authors who described the borders and the ideological motives that guided them Erratum All the Boundaries of the Land The Promised Land in Biblical Thought in Light of the Ancient Near East was published with the support of the Israel Science Foundation ISF They funded the translation of the book into English and enabled Nili Wazana to make her research accessible to the wider scientific community The preface to the book mistakenly fails to mention their contribution thanking instead the Israel Academy of Science Future editions will acknowledge the author s gratitude to the Israel Science Foundation The Monks of Malabar Ludwig Engländer,1900 *Egypt to the Promised Land* ,2012 Retelling of the Biblical story of the Jewish exodus from Egypt **The Standard** ,1926 **Bound for the Promised Land** Oren Martin,2015-02-23 In this New Studies in Biblical Theology volume Oren Martin demonstrates how within the redemptive historical framework of God s unfolding plan the land promise to Israel advances the place of the kingdom that was lost in Eden anticipating the even greater land prepared for all of God s people that will result from the person and work of Christ *The Salesianum* ,1911 **The Bible Play Workshop** Rita Benton,1923
