*Introduction to Modern Spiritualism* Rev, Ronald Koch, **Soul Integration** Sal Rachele,2019-10-22 You have heard about the new Golden Age on Earth However this does not just happen It is up to each one of us to make it happen by healing and transforming our lives through Soul Integration Soul Integration is about aligning all parts of ourselves into a cohesive whole We then become all powerful all wise and all loving We then fulfill the promises of the mystics and seers of all ages This book shows you step by step how to access this all powerful self Topics include healing the six lower bodies transcending karma contacting your soul family in the higher realms how to reach enlightenment and how to bring enlightenment down to Earth **The Self Possessed** Frederick M. Smith,2006-12-05 The Self Possessed is a multifaceted diachronic study reconsidering the very nature of religion in South Asia the culmination of years of intensive research Frederick M Smith proposes that positive oracular or ecstatic possession is the most common form of spiritual expression in India and that it has been linguistically distinguished from negative disease producing possession for thousands of years In South Asia possession has always been broader and more diverse than in the West where it has been almost entirely characterized as demonic At best spirit possession has been regarded as a medically treatable psychological ailment and at worst as a condition that requires exorcism or punishment In South and East Asia ecstatic or oracular possession has been widely practiced throughout history occupying a position of respect in early and recent Hinduism and in certain forms of Buddhism Smith analyzes Indic literature from all ages the earliest Vedic texts the Mahabharata Buddhist Jain Yogic Ayurvedic and Tantric texts Hindu devotional literature Sanskrit drama and narrative literature and more than a hundred ethnographies He identifies several forms of possession including festival initiatory oracular and devotional and demonstrates their multivocality within a wide range of sects and religious identities Possession is common among both men and women and is practiced by members of all social and caste strata Smith theorizes on notions of embodiment disembodiment selfhood personal identity and other key issues through the prism of possession redefining the relationship between Sanskrit and vernacular culture and between elite and popular religion Smith's study is also comparative introducing considerable material from Tibet classical China modern America and elsewhere Brilliant and persuasive The Self Possessed provides careful new translations of rare material and is the most comprehensive study in any language on this subject **Psychic Awareness** Lynn A. Robinson,LaVonne Carlson-Finnerty,Katherine A. Gleason,2004 Covers intuitive insights on precognition ESP telepathy and other psychic abilities trust building exercises to unlock your powers of inner wisdom meditative methods to get in touch with your body's psychic messages **Rethinking Religion in the Theatre of Grotowski** Catharine Christof,2017-03-27 This book opens a new interdisciplinary frontier between religion and theatre studies to illuminate what has been seen as the religious or spiritual nature of Polish theatre director Jerzy Grotowski's work It corrects the lacunae in both theatre studies and religious studies by examining the interaction between the two fields in his

artistic output The central argument of the text is that through an embodied and materialist approach to religion developed in the work of Michel Foucault and religious studies scholar Manuel Vasquez as well as a critical reading of the concepts of the New Age a new understanding of Grotowski and religion can be developed It is possible to show how Grotowski s work articulated spiritual experience within the body achieving a removal of spirituality from ecclesial authorities and relocating spiritual experience within the body of the performer This is a unique analysis of one of the 20th Century s most famous theatrical figures As such it is a vital reference for academics in both Religion and Theatre Studies that have an interest in the spiritual aspects of Grotowski s work
