spirituality of the Golden Age which included a mastery of space and time the Holy Grail the Philosopher s Stone the True Process of Ascension Laura provides the evidence for the advanced level of scientific and metaphysical wisdom possessed by the greatest of lost ancient civilizations a culture so advanced that none of the trappings of civilization as we know it were needed explaining why there is no evidence of civilization as we know it left to testify to its existence The author s consummate synthesis reveals the Message in a Bottle reserved for humanity including the Cosmology and Mysticism of mankind Before the Fall when as the ancient texts tell us man walked and talked with the gods Laura shows us that the upcoming shift is that point in the vast cosmological cycle when mankind or at least a portion of mankind has the opportunity to regain his standing as The Child of the King in the Golden Age If ever there was a book that can answer the questions of those who are seeking Truth in the spiritual wilderness of this world then surely *The Secret History of the World and How to Get Out Alive* is it *China Lake* Barret Baumgart,2017-05-01 Barret Baumgart s literary debut presents a haunting and deeply personal portrait of civilization poised at the precipice a picture of humanity caught between its deepest past and darkest future In the fall of 2013 during the height of California s historic drought Baumgart toured the remote military base NAWS China Lake near Death Valley California His mother the survivor of a recent stroke decided to come along for the ride She hoped the alleged healing power of the base s ancient Native American hot springs might cure her crippling headaches Baumgart sought to debunk claims that the military was spraying the atmosphere with toxic chemicals to control the weather What follows is a discovery that threatens to sever not only the bonds between mother and son but between planet Earth and life itself Stalking the fringes of Internet conspiracy speculative science and contemporary archaeology Baumgart weaves memoir military history and investigative journalism in a dizzying journey that carries him from the cornfields of Iowa to drought riddled California from the Vietnam jungle to the caves of prehistoric Europe and eventually the walls of the US Capitol the sparkling white hallways of the Pentagon and straight into the contradicted heart of a worldwide climate emergency **Wallace's Monthly** John H.
