**What IS Sex?** Alenka Zupancic, 2017-09-08 Why sexuality is at the point of a short circuit between ontology and epistemology Consider sublimation conventionally understood as a substitute satisfaction for missing sexual satisfaction But what if as Lacan claims we can get exactly the same satisfaction that we get from sex from talking or writing painting praying or other activities The point is not to explain the satisfaction from talking by pointing to its sexual origin but that the satisfaction from talking is itself sexual The satisfaction from talking contains a key to sexual satisfaction and not the other way around even a key to sexuality itself and its inherent contradictions The Lacanian perspective would make the answer to the simple seeming question What is sex rather more complex In this volume in the Short Circuits series Alenka Zupan i approaches the question from just this perspective considering sexuality a properly philosophical problem for psychoanalysis and by psychoanalysis she means that of Freud and Lacan not that of the kind of clinician practitioners called by Lacan orthopedists of the unconscious Zupan i argues that sexuality is at the point of a short circuit between ontology and epistemology Sexuality and knowledge are structured around a fundamental negativity which unites them at the point of the unconscious The unconscious as linked to sexuality is the concept of an inherent link between being and knowledge in their very negativity

**What Is Sexual Harassment?** Abigail Saguy, 2003-08-13 In France a common notion is that the shared interests of graduate students and their professors could lead to intimate sexual relations and that regulations curtailing those relationships would be both futile and counterproductive By contrast many universities and corporations in the United States prohibit sexual relationships across hierarchical lines and sometimes among coworkers arguing that these liaisons should have no place in the workplace In this age of globalization how do cultural and legal nuances translate And when they differ how are their subtleties and complexities understood In comparing how sexual harassment a concept that first emerged in 1975 has been defined differently in France and the United States Abigail Saguy explores not only the social problem of sexual harassment but also the broader cultural concerns of cross national differences and similarities

the complexities of sexual wellness with confidence *What is Sex* Helena Wright,1947 **What Is Sexual Difference?** Mary C. Rawlinson,James Sares,2023-06-06 Luce Irigaray has written that sexual difference is one of the major philosophical issues if not the issue of our age Spanning metaphysics phenomenology and psychoanalysis her work examines how sexual difference structures being and subjectivity organizes our experience of the world and affects the images and discourses involved in knowledge production and practical action No other philosopher has paid such careful attention to the consequences of the elision of sexual difference in philosophical thought However at a time when notions of sexual and gender difference are hotly contested Irigaray s thought has often been dismissed as essentialist or reductively binary This book brings together leading scholars to consider the philosophical implications of Irigaray s writing on sexual difference particularly for issues of gender and race Their essays directly confront the charge of essentialism exploring how Irigaray s thought opens new possibilities for understanding the complexity of gender identities including nonbinary and trans experiences as well as alternative configurations of masculinity and femininity Though Irigaray is sometimes accused of a failure to appreciate racial difference contributors show the productive role of her work in thinking race This book also illuminates how Irigaray s work provides creative practices that help realign human experience and our relations with nature and each other What is Sex? Lynn Margulis,Dorion Sagan,1997 In this lavishly illustrated work of extraordinary range and originality one of the world s most accomplished life scientists and a gifted science writer examine that sine qua non of human existence sex the profoundly mysterious procreative force that is the root of our very being 80 color photos 15 charts

**What Is Sex?** Kate E. Reynolds,2021-11-29 This carefully written and illustrated book provides an explanation of sex for people with autism and special education needs and disabilities SEND It helps readers to understand the physical processes as well as important issues such as consent and sexual safety helping them to develop positive relationships Many people with autism and SEND have or will have intimate relationships Often sex is alluded to rather than being carefully explored This can create confusion around consent sexual health and pregnancy and cause people to turn to dubious online information This book frankly explains sex so that the reader has a clear understanding of what constitutes sex knowledge of the proper names for sexual organs and sexual activities and is aware of the potential physical consequences of having sex

An Analysis of "Brave New World" and "Nineteen Eighty-Four"* Lena Gräf,2016-04-26 Seminar paper from the year 2015 in the subject English Language and Literature Studies Literature grade 2 3 language English abstract This term paper is supposed to deal with how love and sex are depicted in Brave New World and 1984 and if there are any similarities between them Furthermore we will take a brief look at differences and similarities to love and sex in our society What is the attitude towards marriage these days And what is the role of love in all of that After this we will then hopefully be able to

identify what love and sex in dystopian fiction means Ever since Thomas More s Utopia love and sex have been a part of dystopian novels In Thomas More s times his depictions were ground breaking Women were not allowed to marry until they were 18 In the past this was highly unusual since most women married at the age of around 14 Furthermore divorce is forbidden which at this point mirrors the time More lived in This clearly influenced all the following writers of dystopian novels They imagine a world that is negatively silhouetted against their own world And since love is a big part of every society it is also a big part in every dystopian society When looking for the most famous dystopian novels on Google two that are immediately suggested are Brave New World by Aldous Huxley and 1984 by George Orwell Both have one thing in common their rather negative and for us rather unusual attitude towards love relationships and sex
