**Garbage Generation** Daniel Amneus,1990 Most criminals grew up in female headed homes Fatherless children are more likely to become delinquents drug addicts gang members rapists child molesters educational failures assassins serial killers suicides unwed parents runaways They are overrepresented in every category of social pathology The following remark from a Georgia judge gives the case for mother custody I ain t never seen the calves follow the bull they always follow the cow therefore I always give custody to the mamas The reason he never saw a calf follow a bull is that cattle don t live in two parent families If we want to live like cattle mother custody is the right policy The fifty percent divorce rate the massive virtually automatic anti male bias of divorce courts the growing economic independence improving education of women mean that there will be more and more divorce more female headed homes more of the crime delinquency produced by such homes The argument of THE GARBAGE GENERATION is that the way to stabilize the two parent family is not to further strengthen its strongest link the mother s role with alimony child support payments welfare etc but to strengthen its weakest link the father s role by guaranteeing fathers custody of children in divorce The Garbage Generation Daniel Amneus,1990

**Essays and Writings on Love and Women's Issues: The Collection, Vol. I (2012-2019)** B. A. Hunter, 2025-10-06 This work contains the earliest blog articles from the author written between the years of 2012 2019 Ranging from mere poetic reflections of the author's traditionalist perspectives on love romance and culture to political commentary and legal and historical scholarly essays on the issues of sex and gender roles the author takes a no holds barred attitude persistently ripping into everyone both feminists antifeminists and every ideology in between and taking a decidedly nasty and brutal bite out of the so called mansphere and the blatant hypocrisies inherent in modern day conservatism Never truly on the Right and never truly on the Left and probably pleasing absolutely nobody the reader can easily note the change as the years go by with the articles undergoing a plain transformation from being shorter and relying more heavily on inter peer and social connections to blossoming into mere solitary legal historical scholarly works that span the length of dozens of pages as both the maturity and education of the author deepens A subtle change in perspective and attitude of the author can also be noted where feminism though never proclaimed nor upheld as a social good is blamed less and less over time for all of modern society's ills
