## Tragic Narrative:

**Tragic Narrative** Andreas Markantonatos, 2012-10-24 This study of Sophocles Oedipus at Colonus demonstrates the applicability of narrative models to drama It presents a major contribution not only to Sophoclean criticism but to dramatic criticism as a whole For the first time the methods of contemporary narrative theory are thoroughly applied to the text of a single major play Sophocles Oedipus at Colonus is presented as a uniquely rich text which deftly uses the figure and history of the blind Oedipus to explore and thematize some of the basic narratological concerns of Greek tragedy the relation between the narrow here and now of visible stage action and the many off stage worlds that have to be mediated into it through narrative including the past the future other dramatizations of the myth and the world of the fifth century audience

**A Theory of Musical Narrative** Byron Almén, 2017-09-04 Byron Almén proposes an original synthesis of approaches to musical narrative from literary criticism semiotics historiography musicology and music theory resulting in a significant critical reorientation of the field This volume includes an extensive survey of traditional approaches to musical narrative illustrated by a wide variety of musical examples that highlight the range and applicability of the theoretical apparatus Almén provides a careful delineation of the essential elements and preconditions of musical narrative organization an eclectic analytical model applicable to a wide range of musical styles and repertoires a classification scheme of narrative types and subtypes reflecting conceptually distinct narrative strategies a wide array of interpretive categories and a sensitivity to the dependence of narrative interpretation on the cultural milieu of the work its various audiences and the analyst A Theory of Musical Narrative provides both an excellent introduction to an increasingly important conceptual domain and a complex reassessment of its possibilities and characteristics Advances in Experimental Social Psychology, 1988-08-01 Advances in Experimental Social Psychology
