*Derrida* Geoffrey Bennington, Jacques Derrida, 1993-05 Geoffrey Bennington sets out here to write a systematic account of the thought of Jacques Derrida Responding to Bennington's text at every turn is Derrida's own excerpts from his life and thought that appearing at the bottom of each page resist circumscription Together these texts as a dialogue and a contest constitute a remarkably in depth critical introduction to one of the leading philosophers of the twentieth century and at the same time demonstrate the illusions inherent in such a project Bennington's account of Derrida broader in scope than any previously done leads the reader through the philosopher's familiar yet still widely misunderstood work on language and writing to the less familiar and altogether more mysterious themes of signature sexual difference law and affirmation Seeking to escape this systematic rendering in fact to prove it impossible Derrida interweaves Bennington's text with surprising and disruptive periphrases reflections on his mother's death agony commentaries on St Augustine's Confessions memories of childhood remarks on Judaism and references to his collaborator's efforts This extraordinary book offers on the one hand a clear and compelling account of one of the most difficult and important contemporary thinkers and on the other one of that thinker's strangest and most unexpected texts Far from putting an end to the need to discuss Derrida Bennington's text might have originally intended or pretended this dual text opens new dimensions in the philosopher's thought and work and extends its challenge [Top Secret Révélations d'un Univers étonnant 1ère partie Marc Wittmann](#) Marc Wittmann, 2011-01-04 Une étude complète réalisée depuis plusieurs années par Marc Wittmann devant un jour mener au voyage rapide dans l'espace temps à la vie éternelle Sciences philosophie cosmologie médecine autant de grandes catégories que vous retrouverez dans ces études intéressantes [The Unspeakable](#) Amy L.
