Spin This! Bill Press, 2002-01-03 We're all familiar with the warning Don't believe everything you see or hear Bill Press the popular co-host of CNN's Crossfire will have you wondering whether you should believe anything at all Spin intentional manipulation of the truth is everywhere It's in the White House in the courtrooms in headlines and advertising slogans Even couples on dates not to mention book jackets are guilty of spin Now analyst Bill Press freeze frames the culture of spin to investigate what exactly spin is who does it and why and its impact on American society as a whole Depending upon who is doing it spinning can mean anything from portraying a difficult situation in the best possible light to completely disregarding the facts with the intent of averting embarrassment or scandal Using examples drawn from recent history the Clinton presidency the Florida recount and the Bush White House Press first probes spin's favorite haunt politics In addition to surveying the incarnations of spin in the fields of journalism law and advertising Press also chews on the spin of sex and dating a word that has become the very embodiment of spin Perhaps surprisingly however Press argues that spin isn't all bad and that without it the harsh truths of our times might be too tough to swallow With the same keen sense of humor that helped make CNN's Crossfire television's premier debate show and the limited run of The Spin Room so popular Press turns the tables on the prime purveyors of spin called spin doctors noting some of their biggest guffaws and blunders As Press notes it has become abundantly clear that the twenty-first century beginning as it has with a president who was spun into office will be a fertile stomping ground for spin

Spin Doctor, Spin Barry Kohl, 2003 **How to Be a Spin Doctor** Paul Richards, 2016-06-02 Spin doctors are seldom out of the news for long But who really understands what spin is or what spin doctors do The media has moved on from a world where press officers carried piles of newspapers to the office each morning when Twitter was what birds did and mobile phones were the size of bread loaves Thank goodness Paul Richards is here to explain spin doctoring in a digital world Essential reading for anyone who wants a career in communications or is intrigued by what keeps the cogs turning behind Parliament How to Be a Spin Doctor covers all the essential skills such as Snagging positive media coverage Creating eye-catching news releases and photo opportunities Avoiding the endless traps set by journalists Paul Richards challenges the increasingly negative connotations of spin arguing that it is neither a dishonourable practice nor a new one it's simply the most practical way to convey information or make a point The truth of the matter is that the spin doctor's trade secrets can be useful to anyone trying to promote a company client or cause to protect reputations get messages across and win public support So it's time to start reading and get spinning
