Experiences with Spiritual Reality John Jensen,2003-09 As we align our consciousness with God's action in us we place ourselves in reach of daily miracles In *Beginning Your Spiritual Journey* traditional spirituality from the science of the saints joins with advances in the understanding of consciousness from New Old Age religion and modern psychology

Psychologist former Catholic priest and student of religions John Jensen explains how to approach the presence of God and change one's life to align with God's encompassing activity He asks readers to understand why they want to pursue a spiritual life and then to engage consciously in a learning process about the nature of God and Soul Grounding the process in direct experience offers a way to assess progress as it crosses slowly into the intangible The book addresses from many angles the common difficulty of discerning what's real and true and the importance of finding a personal spiritual guide to work with on the inner planes as well as outwardly It explains the critical role of spiritual exercises and the essential daily discipline of withdrawing consciousness away from all forms of negativity moral spiritual emotional and behavioral and redirecting it toward God

The Holy Spirit and Reality Watchman Nee,2001-07 The Christian life seemingly involves many outward matters and things such as baptism the breaking of bread worship praise prayer forgiveness humility and love for one another As such it is easy to focus on these things but miss the spiritual reality behind them This reality is the Holy Spirit Apart from the Holy Spirit who is the Spirit of reality all of these things no matter how faithfully practiced are merely outward conduct that is devoid of any real inward spiritual content
