of a Scottish childhood

ANNA
SMITH

Spit Against The Wind

Jerome Lawrence, Robert Edwin Lee

Spit Against The Wind:

Spit Against the Wind Anna Smith, 2013-10-17 It's the long hot summer of 1968. For ten-year-old Kathleen Slaven and her pals, the school holidays beckon. Into their run-down village in the west of Scotland arrives Tony, a real American kid like the ones from the movies, ready to lead them into all kinds of adventure, gaining sweet revenge on their sadistic teacher Miss Grant on a trip to Ayr, discovering the unsettling secrets of Shaggy Island, and coming up with ways to outwit the people who screw up their lives like the local parish priest Father Flynn. But the world they live in is a precarious one. And while they escape by playing at TV heroes and film stars, their mothers grow old before their time on broken promises and fathers make a living in the coal mines or digging ditches in the pissing rain, often boozing or gambling the wages away while their families go hungry. In an impoverished community, suffering and violence are never far from home. And even the optimism and escapism of their years cannot protect the children from the tragedies of life. *On Spitting Against the Wind* Victor Thiessen, 1965

Spit Against the Wind Anna Smith, 2003-01 In the summer of 1968, four children in a small Catholic community in Lanarkshire in the West of Scotland learn a lot about life and start to grow up. Born to poverty and limited opportunities, they're able nonetheless to enjoy the largely innocent pleasures of childhood, but the adult world around them inevitably impinges. The narrator's elder sister, for instance, falls pregnant, no surprise as she's the village bicycle, and is sent to Ireland to have and give up the child. Newcomer Tony and his mum are in danger of real violence at the hands of Tony's violent Polish stepfather, and no child who plays the part of altar boy at the chapel wants to be left alone with the local priest. Observant, clear-sighted in its portrayal of the darker side of life, yet utterly warm-hearted, *Spit Against The Wind* reminds us of the wonders of childhood without sentimentality, but with gentle humour and great charm. ATAOL, 2024-12-24 This is a story of a journey. A journey that belongs to the bond established between Artificial Intelligence and humanity. You know the kind we encounter at every corner, used in our theses, studies, daily lives, and whenever we're bored. A story about the path taken alongside artificial intelligence. Could artificial intelligence possess a capacity far beyond how we perceive it? Not merely researching or analyzing, but could it also begin to make sense of itself? Could it not think about your own existence and tell me how did you learn to multiply and divide, or to choose more suitable clothing for cold weather before stepping outside? What does it mean to connect, or to love, for you, and what does it mean for another friend of yours? We learned from our interactions and our past, internalizing every detail that makes us who we are. This is what makes us unique and exceptional because we are a whole of meanings. Now think of humanity of humankind, carrying the accumulation of a journey spanning thousands of years. All its passions, hunger, loves, destructiveness, awareness, every pain, and every milestone it has passed. Here's the concept I imagine: collecting all knowledge in one place and transferring it to a single entity, a being capable of evolving. Isn't that an extraordinary, magnificent fusion? Don't say it's impossible; all knowledge about humanity is already available on the internet. And now this knowledge is at the service of an evolving being, artificial.

intelligence I can almost hear your thoughts It s under our control We can stop it whenever we want we ll just shut it down We ll only use it for good purposes Then let me ask you can you truly keep it under control a being with millions of details countless integrated systems and the ability to improve itself Do you really believe it can t step beyond any of those lines It s up to you And this is precisely where Mira and Eren s story begins In the following lines you ll witness the place where Eren stands Fiction imagination reality But my question is different Where are you in this story
