Traherne In Dialogue:

Traherne in Dialogue A. Leigh DeNeef, 1988 DeNeef English Duke argues that the application of the modern critical theories of Heidegger Lacan and Derrida to the seventeenth century poet Thomas Traherne makes the three theorists accessible in new and important ways and provides a useful method for understanding Traherne Contains literature citations but no coherent bibliography Annotation copyrighted by Book News Inc Portland OR [Boundless Innocence in Thomas Traherne's Poetic Theology](#) Elizabeth S. Dodd, 2016-03-16 The seventeenth century poet and divine Thomas Traherne finds innocence in every stage of existence He finds it in the chaos at the origins of creation as well as in the blessed order of Eden He finds it in the activities of grace and the hope of glory but also in the trials of misery and even in the abyss of the Fall [Boundless Innocence in Thomas Traherne's Poetic Theology](#) traces innocence through Traherne's works as it transgresses the boundaries of the estates of the soul Using grammatical and literary categories it explores various aspects of his poetic theology of innocence uncovering the boundless desire which is embodied in the yearning cry *Were all Men Wise and Innocent* Recovering and reinterpreting a key but increasingly neglected theme in Traherne's poetic theology this book addresses fundamental misconceptions of the meaning of innocence in his work Through a contextual and theological approach it indicates the unexplored richness complexity and diversity of this theme in the history of literature and theology

Canons and Wisdoms Albert Cook, 1993 In *Canons and Wisdoms* Albert Cook addresses what is arguable the most profound question about poetry and literature What is its human value Cook claims that the value lies in the special yield of wisdom rich full and not available in other forms of human discourse This somewhat traditional position is reinforced by the related arguments of such philosophers as Adorno and Heidegger and by other works in Renaissance poetry and modern poetry and fiction where the sense of the work becomes clearer when it is seen in the light of such a question Cook addresses what can be claimed for poetry and literature after all due allowance has been made for the relativity of canons the subjectivity of the literary experience and the subtle and comprehensive effects of received expectations Such questions have dominated recent discussions about the value of literature The nature of all human utterance argues for its being aimed at social inclusion formalized as a canon even though such a notion must remain ideal *Canons and Wisdoms* is an eloquent and original contribution to the ongoing debate about the canon It is the work of an experienced erudite and individualistic scholar working at the intersection of philosophy and literary theory and criticism **New Perspectives on the Seventeenth-century English Religious Lyric** John Richard Roberts, 1994 To what extent do religious lyrics also participate in and reflect the social political and cultural contexts of the period in which they were written These essays offer new insights into the religious poetry of Donne Herbert Crashaw Jonson Herrick Vaughan and Marvell In addition modern theoretical criticism is discussed and the editor has provided a selective though extensive bibliography of modern studies of the seventeenth century religious lyric *The Ben Jonson Journal*, 2000 **Critical Survey of Poetry** Philip K. Jason, 2003

Presents alphabetized profiles of nearly seven hundred significant poets from around the world providing biographies primary and secondary bibliographies and analysis of their works Ceremony and Civility in English Renaissance Prose Anne Drury Hall,1991 Ceremony and Civility in English Renaissance Prose analyzes the emergence of civil prose in texts of the early modern period and defends English Renaissance writers against the current attack on their aristocratic politics Using Thomas More s History of King Richard III Philip Sydney s Defense of Poetry Richard Hooker s Laws of Ecclesiastical Polity and Thomas Browne s Religio Medici Anne Hall demonstrates the emerging differentiation of civil and ceremonial prose in the early modern period These works combine ceremonial discourse acknowledging such traditional values as a God centered world and civil prose with its circumspections and irony thus revealing a philosophical awareness of the complexity of moral and political questions Since the 1970s there have been two chief arguments about Renaissance literature The first is that most Renaissance writers used traditional forms to bolster authority and that they should be regarded with suspicion The second is that some Renaissance writers altered traditional forms to subvert authority and that they should be admired Anne Hall contends that there is an alternative position that many Renaissance writers used tradition to bolster authority and that their versions of tradition and authority deserve a defense that responds to current attacks on their racism violence and colonialist repression in texts that were once thought to be about love and education Hall argues that Renaissance writers could not foresee the ways in which they would need to defend their position against Enlightenment attack and she supplies what she believes would have been their defense concluding that such Renaissance discourse must not be considered solely on a historical basis but also from a philosophical viewpoint **The South Atlantic Quarterly** John Spencer Bassett,Edwin Mims,William Henry Glasson,William Preston Few,William Kenneth Boyd,William Hane Wannamaker,1989 *The Poetics of Ecstasy* Willis Barnstone,1983 *Guide to British Poetry Explication: Restoration-romantic* Nancy Conrad Martinez,1991
