## **What Is Changing In Eucharistic Practice:**

**What is Changing in Eucharistic Practice?** James Niemen, Gordon W. Lathrop, Joseph Donnell, Sarah Henrich, 1995  
Open Questions in Worship explores current issues and emerging practices in the church's worship from a variety of open perspectives. This series invites all who care for the church's life and mission to renew their understanding of the church's worship. Each volume features three essays on the question along with bibliography for further inquiry.

**Liturgical Theology Revisited** Stephen Edmondson, 2015-06-24  
Something happens at the eucharistic table. When Jesus' story meets Jesus' presence, Jesus happens there and the hungry are fed. Christians believe that they believe and what they believe are formed by Jesus happening. This book explores the theology inscribed on communities through their encounter with Jesus at the table. It begins with the theology of radical grace embodied in the invitation of everyone, baptized or not, to the table and it addresses from this vantage the whole of the Christian life: the truth of Jesus, the work of the Spirit, the significance of baptism and the integrity and mission of the church.

**A Companion to the Eucharist in the Reformation**, 2013-10-24  
By the end of the fifteenth century, the Eucharist had come to encompass theology, liturgy, art, architecture, and music. In the sixteenth century, each of these dimensions was questioned, challenged, rethought as Western European Christians divided over their central act of worship. This volume offers an introduction to early modern thinking on the Eucharist as theology, as Christology, as a moment of human and divine communion, as that which the faithful do as taking place and as visible and audible. The scholars gathered in this volume speak from a range of disciplines: liturgics, history, history of art, history of theology, philosophy, musicology, and literary theory. The volume thus also brings different methods and approaches, as well as confessional orientations, to a consideration of the Eucharist in the Reformation. Contributors include Gary Macy, Volker Leppin, Carrie Euler, Nicholas Thompson, Nicholas Wolterstorff, John D. Rempel, James F. Turrell, Robert J. Daly, Isabelle Brian, Thomas Schattauer, Raymond A. Mentzer, Michele Zelinsky, Hanson, Jaime Lara, Andrew Spicer, Achim Timmermann, Birgit Ulrike Mönch, Andreas Gormans, Alexander J. Fisher, Regina M. Schwartz, and Christopher Wild. *Evening communion: the argument for the practice stated* Joshua Hughes-Games, 1894.

**Systematic Theology and Climate Change** Michael S. Northcott, Peter M. Scott, 2014-06-05  
This book offers the first comprehensive systematic theological reflection on arguably the most serious issue facing humanity and other creatures today. Responding to climate change is often left to scientists, policy makers, and activists, but what understanding does theology have to offer? In this collection, the authors demonstrate that there is vital cultural and intellectual work for theologians to perform in responding to climate science and in commending a habitable way forward. Written from a range of denominations and traditions, yet with ecumenical intent, the authors explore key Christian doctrines and engage with some of the profound issues raised by climate change. Key questions considered include: What may be said about the goodness of creation in the face of anthropogenic climate change? And how does theology handle a projected future without the human? The volume provides students and scholars with fascinating

theological insight into the complexity of climate change

**Recovering Communion in a Violent World** Christopher Grundy,2019-11-15 The act of breaking and eating a body in Holy Communion forms us over time What if that s not such a good thing Recovering Communion in a Violent World provides an unblinking examination of the ritualized reenactment of the violence done to Jesus in Holy Communion using insights from the fields of ritual studies and trauma theory Then drawing upon recent research in Christian origins the book raises possibilities for sacramental meal practices that don t ignore the death of Jesus but respond to it differently Rather than colluding with systems of violence these alternative practices respond to violence in our world by continuing to collaborate with the persistence and resilience of God as well as with the realm of God still coming near The result is a groundbreaking exploration that is both unflinching in its critique and passionate in its argument for the place of renewed Christian meal practices In an era when world religions have come under greater scrutiny as sources of violence this book asks readers to look squarely at the reenactment of violence that has come to narrowly define Holy Communion for so long and to imagine that more radical resistant sacramental meal practices are possible

**Clerical Errors** Peter Murnane,2022-08-04 The Catholic church is in serious decline This book claims that the corruption of the institution derives from various clerical errors especially clericalism which assumes that clergy are superior and deserve privileges Clericalism divides the church into two unequal classes betraying the gospel which teaches that all people are equal Clerical privilege makes the sexual abuse of children more likely and has led most bishops to conceal it Clerical Errors begins by examining the trials and acquittal of Cardinal Pell Was it the jury who made a grave error or was it the cardinal Other chapters look at worldwide sexual abuse of children by Catholic clergy and traumatic impacts on survivors What might have caused this tragedy The institutional nature of the church Defective Canon Law Misuse of the sacrament of Confession Compulsory celibacy Homosexuality The book s last hopeful chapter proposes a radical but simple model for restoring the Christian church

**Material Eucharist** David Grumett,2016-09-22 Material Eucharist interprets the Eucharist through its material elements of bread and wine Drawing upon a rich variety of biblical patristic medieval and modern texts and traditions David Grumett brings together theological reflection and liturgical action and shows their mutual dependence For both theologians and liturgists a central concern is the matter out of which the created order has been made from which issues of community and social justice are inseparable The ingredients of bread and wine anticipate in their harvesting and manufacture the formal church liturgy which is extended back into the world by the transformative priestly action of laypeople Indeed the transforming presence of Christ in the Eucharist as flesh and substance is theologically grounded in his transformative presence in the wider created order as expressed in eucharistic giving and exchange between churches and their wider communities Rooting the Eucharist in materiality suggests its primary context to be the death and resurrection of Christ in the power of the Spirit in which its recipients may share The many aspects of theology and liturgy with which the book deals have large implications for how the Eucharist is understood in a range of academic disciplines and

for how it is celebrated in churches today      **The True Doctrine of the Eucharist** Thomas Stuart Lyle Vogan,1871

**Eucharistic Vestments and the Eastward Position: are They Authorized?** Joseph Bardsley,1874      *Eucharistic Vestments and the Eastward Position: are They Authorized? ... and is the Doctrine They Symbolize Taught by the Church of England?*. Joseph Bardsley,1874      *Visions of Liturgy and Music for a New Century* Lucien Deiss,1996 In a manner that reflects his broad historical and musical knowledge of the Church's liturgy Father Deiss takes us step by step through the Eucharistic celebration of the Mass paying attention not only to the liturgy's repertoire of music and song but also to its participants as well the roles of the priest the choir the music director the organist the cantor even the singing congregation He discusses every musical aspect and offers suggestions for improvement and sound creative ideas about what the future may hold for Christian liturgy as we enter the twenty first century      **Concomitance and Communion** James J.

Megivern,1963      **The Fortnightly Review** ,1909      *Gathering Disciples* Myra Blyth,Andy Goodliff,2017-02-08 This collection of essays by British Baptists honors the work of Christopher Ellis amongst the Baptist community recognizing in particular the contribution he has made to the practice and theology of Free Church worship The book takes a selection of his hymns as a starting point for reflection on areas of worship discipleship the sacraments and theology      **The sacrifice of the eucharist, and other doctrines of the Catholic Church explained and vindicated** Charles Brierley Garside,1875
