The Wonder of War on Land Francis Rolt-Wheeler,1918 *Our Wonder World* ,1926 Collier's Wonder Book Waldemar Kaempffert,1920 *The Four Freedoms under Siege* Marcus Raskin,Robert Spero,2006-11-30 The authors address the hard questions of individual freedom versus national security that are on the minds of Americans of all political stripes They bring together the pivotal events leaders policies and fateful decisions often path breaking more often ending in folly that have subverted our constitutional government from its founding You reach the inescapable conclusion the authors write that the United States is a warrior nation has been addicted to war from the start and is able to sustain its warfare habit only by mugging American taxpayers and believing in its mission as God s chosen FDR s Four Freedoms Freedom of Speech Freedom to Worship Freedom from Want and Freedom from Fear were presented to the American people in his 1941 State of the Union address and they became the inspiration for a second bill of rights extending the New Deal and guaranteeing work housing medical care and education Although the bill never was adopted in a legal sense in this country its principles pervaded the political landscape for an entire generation including the War on Poverty and the Great Society reforms of the 1960s Furthermore the ideas expressed in the Four Freedoms speech inspired the Universal Declaration of Human Rights But since the late 1970s and early 1980s these freedoms have been under assault from presidential administrations of both parties economic pressures and finally the alleged requirements of national security After 9 11 this process accelerated even more rapidly
