Oosterveld,Willem Bloem,Nicholas Farnham,Barin Kayaoğlu,Tim Sweijs,2017-02-20 Appearing seemingly out of nowhere over the course of 2013 14 the Islamic State or Daesh captured the attention of international audiences through widely broadcast acts of barbarity followed by the proclamation of its own state and upending state borders in the process The rise of the terror organization has prompted many questions where did it originate from How has it been able to establish itself so quickly Can it actually persist Can it be defeated The aim of this year s study entitled The Rise and Fall of ISIS from Evitability to Inevitability is to understand the organization its motivations its inherent weaknesses as well as its ability to endure A broader aim is to set out how it could develop as it comes under ever more pressure by regional powers and in the case of its defeat how to prevent the arrival of the next ISIS A key message of this chapter is that ISIS is a child of its time and is not destined to persist Its professed millenarian or eschatological bent is meant to cast the conflict between the Caliphate and the rest of the world as a cosmic battle but in reality is largely of instrumental value Also while its rise could have been prevented its fall looks all but inevitable even if it remains unclear what will replace it This study is part of the 2016 2017 HCSS StratMon Black Flags Joby Warrick,2016-09-06 WINNER OF THE PULITZER PRIZE In a thrilling dramatic narrative the award winning reporter traces how the strain of militant Islam behind ISIS first arose in a remote Jordanian prison and spread with the unwitting aid of two American presidents Gripping For readers interested in the roots of the Islamic State and the evil genius of its godfather there is no better book to begin with than Black Flags Michiko Kakutani The New York Times Drawing on unique high level access to CIA and Jordanian sources Warrick weaves gripping moment by moment operational details with the perspectives of diplomats and spies generals and heads of state many of whom foresaw a menace worse than al Qaeda and tried desperately to stop it Black Flags is a brilliant and definitive history that reveals the long arc of today s most dangerous extremist threat **A Theory of ISIS** Mohammad-Mahmoud Ould Mohamedou,2017-11-20 The Islamic State of Iraq and Syria has been the subject of intense

scrutiny in the West Considered by many to be the most dangerous terrorist organisation in the world it has become shrouded in numerous myths and narratives many emanating from the US which often fail to grasp its true nature Against these narratives Mohammad Mahmoud Ould Mohamedou presents a bold new theory of ISIS By tracing its genealogy and documenting its evolution in Iraq and Syria he argues that ISIS has transcended Osama Bin Laden s original project of Al Qaeda mutating into an unprecedented hybrid form that distils postcolonial violence postmodernity and the emerging post globalisation international order This book analyses ISIS from a social sciences perspective and unpacks its dynamics by looking beyond superficial questions such as its terrorist nature and religious rhetoric It transforms our understanding of ISIS and its profound impact on the very nature of contemporary political violence [ISIS](#) Katie Marsico,2015-12-15 ISIS covers the history of the terrorist organization and what it stands for how its leaders recruit more followers and the importance of understanding the threat this organization poses for the rest of the world Aligned to Common Core Standards and correlated to state standards Essential Library is an imprint of Abdo Publishing a division of ABDO [ISIS](#) Michael Weiss,Hassan Hassan,2016-03-29 Hardcover edition has a map on the endpapers **The Children Soldiers of ISIS** Bridey Heing,2017-12-15 While most children learn reading and math the child soldiers of ISIS spend their days on weapons training and religious education Called The Cubs of the Caliphate these children are weapons of the Islamic State Some are the children of Islamic State fighters while others are kidnapped and forced to fight for ISIS if they want to live While the world has been outraged by footage of these young fighters killing hostages and waging war there s more to their story This book looks at how ISIS is selecting and grooming the next generation of jihadists and what can be done to prevent a generation of lost children [ISIS](#) Jessica Stern,J. M. Berger,2015-03-17 Two leading experts in terrorism provide smart granular analysis of the group s brutally effective strategy tactics and ideology Washington Post The Islamic State known as ISIS exploded into the public eye in 2014 capturing the imagination of the global jihadist movement and attracting recruits in unprecedented numbers It also exhibited a level of sadistic violence and destruction that has alienated even the hardcore terrorists of its parent organization al Qaeda In [ISIS The State of Terror](#) Jessica Stern and J M Berger trace the ideological innovations that the group deploys to recruit unprecedented numbers of Westerners the composition of its infamous snuff videos and the technological tools it exploits on social media to broadcast its atrocities They also examine ISIS s predatory abuse of women and children and its use of horror to manipulate world leaders and its own adherents as it builds its twisted society The authors conclude with a much needed perspective on how world leaders should respond to ISIS s insidious provocations [State of Terror](#) The Washington Post,2015-11-22 A collection of articles on how ISIS took over a region the size of the UK sparked a humanitarian crisis and developed into a global threat With coordinated attacks in Paris and the downing of a Russian passenger plane the Islamic State ISIS declared war on the wider world galvanizing new calls for an intensified global response The Washington Post spent a year tracking the political and military spread of ISIS investigating

its roots and chronicling what life is really like for the people under its rule Kevin Sullivan a senior correspondent for the paper conducted a series of interviews often in secret with people who have fled the Caliphate Other correspondents including Souad Mekhennet and Loveday Morris spoke with those still inside What they discovered is that while world leaders watched the Islamic State instituted a brutal tiered society in which the faithful are given control in which women are in constant danger and wherein dissent is met with swift and deadly retribution This is the inside story of how ISIS combined the bloodiest aspects of religion terrorism and statehood and became a global threat Eye of the Storm ,2000 *ISIS* Brendan January,2017-08-01 The Islamic State in Iraq and Syria or ISIS emerged in the Middle East during the first decade of the 2000s The group vows to wage violent jihad or holy war on those who do not adhere to its extremist interpretation of Islamic law ISIS conquers territory and rules savagely ISIS terrorists manipulate social media brilliantly shocking viewers around the globe with brutal video footage Government leaders and agencies all over the world are working to prevent the next ISIS attack How can nations combat ISIS Can it be defeated with military force This in depth investigation tackles these and other thorny issues related to the twenty first century face of global terrorism Rise of ISIS Jay Sekulow,2015-06-16 New and expanded includes 4 new chapters Cover
