The Congressional System, 1979 **The Congressional System : Notes and Readings** Leroy N. Rieselbach, 1970

The Public Congress Gary Lee Malecha, Daniel J. Reagan, 2012-05-22 Contemporary members of Congress routinely use the media to advance their professional goals Today virtually every aspect of their professional legislative life unfolds in front of cameras and microphones and increasingly online The Public Congress explores how the media moved from being a peripheral to a central force in U S congressional politics The authors show that understanding why this happened allows us to see the constellation of forces that combined over the last fifty years to transform the American political order Malecha and Reagan s keen analysis links the new public Congress and the forces that are shaping political parties the Presidency interest groups and the media They conclude by asking whether the kind of discourse that this new media environment fosters encourages Congress to make its distinctive deliberative contribution to the American polity This text brings historical depth as well as coverage of the most current cutting edge trends in new media environment and provides an exhaustive treatment of how the U S Congress uses the media in the governing process today The House at Work Joseph Cooper, G. Calvin Mackenzie, 2012-03-07 There exists a rich literature on the workings of the United States Congress but The House at Work is the first book to focus on the institutional performance of the House of Representatives A complete overview of the complex functioning and dynamics of Congress is presented by distinguished contributors drawing upon both real life experience and organization theory Each essay presents material on activities central to legislative work in the House including the internal operations of member and committee offices the administrative support system of the House the impact of organizational structure and information resources on individual decision making the expanding application of computer technology the character of the personnel system and the processing of constituent casework Nearly all contributors were professional staff members of the U S House Commission on Administrative Review in 1976 and 1977 whose analysis of the internal operations of the House was a comprehensive investigation Their academic training buttressed by significant practical experience on Capitol Hill makes this book of great value to both students and scholars of the legislative process In addition to the editors the contributors include Glenn R Parker Thomas E Cavanagh Allan J Katz John R Johannes Thomas J O Donnell David W Brady Louis Sandy Maisel Susan Webb Hammond Jarold A Kieffer James A Thurber and Jeffrey A Goldberg **The United States Senate** Mildred Lehmann Amer, 1981 *The Publishers' Trade List Annual* R.
