The Problem Of The Evil Editor:

The Problem of the Evil Editor Roberta Rogow,2001 In the Winter of 1881 the Reverend Charles Dodgson aka Lewis Carroll brings his new found friend Dr Arthur Conan Doyle to London to meet one of his editors Mr Bassett But the editor is a loathsome sort violently and viciously rejecting not only Doyle s work but that of up and coming Irish writer Oscar Wilde When Bassett is murdered later that night the police connect his death to the Labour Riots currently raging and believe that Wilde is probably responsible Convinced that Wilde is innocent Dodgson and Doyle with the help of artists James Whistler and John Tenniel set out to find the truth

The Problem of Divine Action in the World Joel Archer,2024-02-01 The world s major monotheistic religions share the view that God acts in the world This Element discusses the nature of divine action with a specific focus on miracles or special divine acts Miracles are sometimes considered problematic Some argue that they are theologically untenable or that they violate the laws of nature Others claim that even if miracles occur it is never rational to believe in them based on testimony Still others maintain that miracles are not within the scope of historical investigation After addressing these objections the author examines the function of miracles as signs in the New Testament

C.S. Lewis and the Problem of God David Werther,2024-04-30 Understanding C S Lewis s vocation is essential for reading his works well as is knowing how he came to it his long and winding philosophical journey and reoccurring experiences of Joy Lewis discounted proofs in philosophical theology but offered key arguments in support of theism per se and Christianity in particular His account of mere Christianity shows the centrality of self determination an emphasis on Christ s human nature and a relativizing of atonement theories Finally Lewis s understanding of faith his attempts to make sense of petitionary and imprecatory prayers and his emphasis on theosis deification are considered

God and the Problem of Logic Andrew Dennis Bassford,2023-06-08 Classical theists hold that God is omnipotent But now suppose a critical atheologian were to ask Can God create a stone so heavy that even he cannot lift it This is the dilemma of the stone paradox God either can or cannot create such a stone Suppose that God can create it Then there s something he cannot do namely lift the stone Suppose that God cannot create the stone Then again there s something he cannot do namely create it Either way God cannot be omnipotent Among the variety of known theological paradoxes the paradox of the stone is especially troubling because of its logical purity It purports to show that one cannot believe in both God and the laws of logic In the face of the stone paradox how should the contemporary analytic theist respond Ought they to revise their belief in theology or their belief in logic Ought they to lose their religion or lose their mind

Christianity and the Problem of Free Will Leigh Vicens,2023-06-08 Central to the teachings of Christianity is a puzzle on the one hand sin seems something that humans do not do freely and so cannot be not responsible for since it is unavoidable on the other hand sin seems something that we must be responsible for and so do freely since we are enjoined to repent of it and since it makes us liable to divine condemnation and forgiveness After laying out the puzzle in more depth this Element considers three possible responses libertarian soft determinist and

free will skeptic and weighs the costs and benefits of each God and the Problem of Evidential Ambiguity Max Baker-Hytch, 2024-05-02 When it comes to what many of us think of as the deepest questions of existence the answers can seem difficult to make out This difficulty or ambiguity is the topic of this Element The Element begins by offering a general account of what evidential ambiguity consists in and uses it to try to make sense of the idea that our world is religiously ambiguous in some sense It goes on to consider the questions of how we ought to investigate the nature of ultimate reality and whether evidential ambiguity is itself a significant piece of evidence in the quest **Christian Philosophy and the Problem of God** Charles Taliaferro, 2023-07-06 Questions are raised about Christian philosophy and God Is Christian philosophy truly philosophical Is it Biblical Is it capable of addressing God a profoundly transcendent being Does appealing to a God's eye point of view make sense Can Christian philosophy respect religious diversity While the integrity of Christian philosophy is defended questions are raised about its relationship to the overall practice of philosophy Christian philosophers value drawing others to Christian faith Are Christian apologetics compatible with philosophy This Element concludes with reflection on when it may be philosophically acceptable to appeal to mystery God and the Problems of Love Kelly James Clark, 2023-12-06 Religious believers are often commanded to love like God On classical accounts God seems a poor model for human beings an immutable and impassable being seems incapable of the kind of episodic emotion sympathy empathy that seems required for the best sorts of human love Models more conducive to human love on the other hand are often rejected because they seem to limit God's power and glory This Element looks first at God and then divine love within the Abrahamic traditions Islam Christianity and Judaism It will then turn to love and the problem of hell which is argued as primarily a problem for Christians The author discusses the kind of love each tradition asks of humans and wonders given recent work in the relevant cognitive and social sciences if such love is even humanly possible This title is also available as Open Access on Cambridge Core **Editor & Publisher**, 1915 The fourth estate The Editor, 1915 *The Western Christian Advocate*, 1904 **Dictionary of Philosophy and Psychology: List of collaborators.
