The Rain Ghost:

The Rain Ghost Garry Kilworth, 2023-05-05 Rain ghost rain ghost go away Steve is being followed watched Something is waiting for him Something is coming to get him Steve is being haunted But by what And why Does it have anything to do with that night Steve got lost out on the moors and what he found there How do you stop a haunting When Steve finds an ancient dagger on the moors he realizes that unless he returns it he will always be haunted by the brooding presence he has disturbed The Scholastic classic returns to print for a whole new generation The Rain Ghost , **The Rain Ghost - Hauntings** Garry Kilworth, The Belief in Immortality and the Worship of the Dead James George Frazer, 2023-12-15 In The Belief in Immortality and the Worship of the Dead James George Frazer explores the profound intersection of mortality belief and ritual across cultures Through a meticulous analysis of ethnographic evidence Frazer articulates the diverse beliefs surrounding death and the afterlife framing them within a broader context of human psychology and social evolution His literary style melds narrative clarity with critical scholarship making complex themes accessible to a broad audience Frazer s inquiries reflect the burgeoning field of anthropology in the early 20th century positioning ritual and belief systems as crucial elements in understanding cultural development James George Frazer a pioneering Scottish anthropologist and folklorist is best known for his landmark work The Golden Bough His extensive studies of myth and religion were influenced by his academic background in classical studies which instilled in him a reverence for the interrelation of belief and culture Frazer s fascination with the spiritual dimensions of life undoubtedly informed his exploration of how societies cope with the concept of mortality and the rituals enacted to honor the dead This insightful work is essential for anyone intrigued by the intersections of anthropology psychology and religious studies Frazer s analysis offers profound revelations into how humanity has historically sought to transcend mortality making this book a vital addition to the library of scholars and laypersons alike *The Belief in Immortality and the Worship of the Dead* J.G Frazer, 2020-07-17 Reproduction of the original The Belief in Immortality and the Worship of the Dead by J G Frazer The Belief in Immortality and the Worship of the Dead (Complete) Sir James George Frazer, 2006-01-01 The subject of these lectures is a branch of natural theology By natural theology I understand that reasoned knowledge of a God or gods which man may be supposed whether rightly or wrongly capable of attaining to by the exercise of his natural faculties alone Thus defined the subject may be treated in at least three different ways namely dogmatically philosophically and historically We may simply state the dogmas of natural theology which appear to us to be true that is the dogmatic method Or secondly we may examine the validity of the grounds on which these dogmas have been or may be maintained that is the philosophic method Or thirdly we may content ourselves with describing the various views which have been held on the subject and tracing their origin and evolution in history that is the historical method The first of these three methods assumes the truth of natural theology the second discusses it and the third neither assumes nor discusses but simply ignores it the historian as such is not concerned with the truth or falsehood of the

beliefs he describes his business is merely to record them and to track them as far as possible to their sources Now that the subject of natural theology is ripe for a purely dogmatic treatment will hardly I think be maintained by any one to whatever school of thought he may belong accordingly that method of treatment need not occupy us further Far otherwise is it with the philosophic method which undertakes to enquire into the truth or falsehood of the belief in a God no method could be more appropriate at a time like the present when the opinions of educated and thoughtful men on that profound topic are so unsettled diverse and conflicting A philosophical treatment of the subject might comprise a discussion of such questions as whether a natural knowledge of God is possible to man and if possible by what means and through what faculties it is attainable what are the grounds for believing in the existence of a God and if this belief is justified what may be supposed to be his essential nature and attributes and what his relations to the world in general and to man in particular Now I desire to confess at once that an adequate discussion of these and kindred questions would far exceed both my capacity and my knowledge for he who would do justice to so arduous an enquiry should not only be endowed with a comprehensive and penetrating genius but should possess a wide and accurate acquaintance with the best accredited results of philosophic speculation and scientific research To such qualifications I can lay no claim and accordingly I must regard myself as unfitted for a purely philosophic treatment of natural theology To speak plainly the question of the existence of a God is too deep for me I dare neither affirm nor deny it I can only humbly confess my ignorance Accordingly if Lord Gifford had required of his lecturers either a dogmatic or a philosophical treatment of natural theology I could not have undertaken to deliver the lectures

The Eternal Belief in Immortality & Worship of the Dead James George Frazer, 2021-05-07 The first volume of Frazer's book comprises the Gifford Lectures he gave at the University of St Andrews in the years 1911 and 1912 and deals with the belief in immortality and the worship of the dead as these are found among the aborigines of Australia the Torres Straits Islands New Guinea and Melanesia In the second volume the author describes the corresponding belief and worship among the Polynesians a people related to their neighbors the Melanesians by language if not by blood Contents The Savage Conception of Death Myths of the Origin of Death The Belief in Immortality among the Aborigines of Central Australia The Belief in Immortality among the other Aborigines of Australia The Belief in Immortality among the Natives of the Torres Straits Islands The Belief in Immortality among the Natives of British New Guinea The Belief in Immortality among the Natives of German New Guinea The Belief in Immortality among the Natives of German and Dutch New Guinea The Belief in Immortality among the Natives of Southern Melanesia New Caledonia The Belief in Immortality among the Natives of Central Melanesia The Belief in Immortality among the Natives of Northern and Eastern Melanesia The Belief in Immortality among the Natives of Eastern Melanesia Fiji The Belief in Immortality among the Maoris The Belief in Immortality among the Tongans The Belief in Immortality among the Samoans The Belief in Immortality among the Hervey Islanders The Belief in Immortality among the Society Islanders The Belief in Immortality among the Marquesans The Belief in Immortality among
