The Sentinel:

The Sentinel Arthur Charles Clarke, 1986 [The Sentinel](#) Jeffrey Konvitz, 2016-01-12 Jeffrey Konvitz's New York Times bestselling horror novel about a young woman descending into demonic madness who discovers it's not simply in her mind. Aspiring model Allison Parker finally moves into her dream apartment, a brownstone on Manhattan's Upper West Side. But her perfect home quickly turns hellish. The building is filled with a cast of sinister tenants, including a reclusive blind priest who seems to watch her day and night through an upstairs window. Eventually Allison starts hearing strange noises from the empty apartment above hers. Before long she uncovers the building's demonic secret and is plunged into a nightmare of sinful misdeeds and boundless evil. In the tradition of *Rosemary's Baby*, this gripping novel was adapted into a feature film starring Ava Gardner, Cristina Raines, and Chris Sarandon. *The Sentinel* is classic horror at its best. [The Sentinel's Song](#) Brittany Fichter, 2021-05-24 An enchantress is murdering Queen Kartek's soldiers and threatening her kingdom. Kartek's healing jewel has been lost. Her only hope of saving her kingdom seems to lie in the hands of the green-eyed stranger, but the price is steep and the young queen doesn't have much time. Seventeen-year-old Queen Kartek has resigned herself to marrying the greatest warrior in the Megal Desert. Her true joy, however, lies in sharing her healing powers with her people. But when an enchantress attacks her betrothed, is murdered, and danger camps outside of Hedjet's gates, Kartek's world is turned upside down. To make matters worse, her healing jewel falls into an abandoned well just when she needs it the most, and her only hope of retrieving the jewel lies in marrying a green-eyed stranger and making him king. Kartek must either choose to trust that her new husband's intentions are as honorable as he promises or try to defeat the enchantress alone. For as much as she resents her new husband, she quickly realizes there is more to this quiet man than meets the eye. He might just be the miracle her kingdom needs and the balm she craves for her lonely heart. *The Green Eyed Prince* is a novella set in the world of the Classical Kingdoms Collection, a series of clean fairy tale retellings, clean passionate romance, magical mystery, and heroic happily ever afters. **The Sentinel**, 1922 **The Sentinel** Albert Frank Moritz, 2008 John Ashbery's esteem for A. F. Moritz has been seconded repeatedly by critics and readers. Starting in 1975 with *Here* and continuing through the years to Moritz's latest *The Sentinel*, this poet has carved an important career in poetry. This new collection has already begun garnering praise and awards; the title poem was honored by the prestigious *Poetry* magazine. These poems exploring everything from vanishing civilizations to nature's mysteries display Moritz's intelligence and insight blended with a supple craft and wordplay that have made his work unique in the field. [The Sentinel](#) Gerald Petievich, 2003 When a White House agent is murdered, another agent fears he's being framed. He has the motive to hide his affair with the First Lady, and someone has the photos to prove it. [The Sentinel](#), 1928 **The Sentinel** Dan Tuttle, 2006-09 PAIN Frank Mercer thought he knew what that was when he woke up on a strange beach, more dead than alive. His memories had been stripped from him, his mind a gaping void of unanswered questions. But when the small farming family found him and nursed him back to health,

so too did his mind begin to heal And then came the nightmares RAGE Something lies just underneath the surface of Frank s mind a darkness possessed of vicious intelligence with a personality of it s own Old injuries and the kindness of new friends have thus far held it at bay in particular one small girl with a rare gift and a big heart But when old disputes come back to surface Frank soon finds himself standing between a brutal crime lord and the family he has come to love Caught in the middle of monsters mages and killers he is helpless to prevent the emergence of a far greater evil POWER Frank is regaining more of himself the growing power within him unlike anything the continent of Endath has ever known But even as he faces off against a horde of enemies another foe perches among the recesses of his mind and waits For his body once belonged to another and with each new discovery of lost memories and abilities a little bit more of that other returns Christian Science Sentinel ,1907 *A Study Guide for Arthur C.
