Time Safari:

Time Safari David Drake, 1989 Hot blooded dinosaurs and cold blooded sex do not mix no one knows that better than time safari leader Henry Vickers That is one reason why he is the most successful hunting leader But this time he has to deal with the deadliest threat on two legs a tough beautiful woman with whom Henry is deeply in love Safari Based Theology Dr. Enos Lwamba, 2012-12-21 In Safari based Theology Dr Enos Lwamba has developed an approach to theology and mission based on his proposed safari motif for the development of theology and mission Based on his Ph D dissertation The Safari Motif in the Development of Theology in Africa Dr Lwamba argues that God has used a series of divine redemptive safaris in the Bible to reveal Himself progressively to people The author develops his proposed motif around a tri dimensional conception of reality and time and explores a threefold aspect of the safari mwanzo sasa and mwisho which provide keys to the African mindset He explores the various meanings and uses of the safari idea from both a biblical and theological perspective In addition to the literal safaris journey is an analogy of the church and believers are on a divine safari individually and collectively The safari model highlights the absolute necessity of the biblical message and the contextual situation to help Christians live effective and fruitful lives in society now and in future Inspired by both John Mbitis The African Concept of Time and Paul Hieberts The Flaw of the Excluded Middle the author utilizes biblical theological historical and contextual sources to make his point In the philosophical aspect of the safari the author develops his notion of an African conception of time modeled on the cultural safari idea which he relates to development of theology and mission He refutes the western influenced or commercially based notion that safari refers to a game hunting or tourist expedition to Africa Dr Lwamba promotes the argument that the philosophical framework and methodology drawn from the safari approach provides a more effective way of doing theology and mission in Africa and other contextual situations He also draws parallels to the safari concept from such sources as Augustines City of God John Bunyans The Pilgrims Progress and others in a refreshing and original style that the reader will find engaging The motif provides interpretational and practical application tools as it harmonizes the unity of the biblical message Its practical appeal makes Safari Based Theology a must read for Christians and others interested in their daily journey of faith The author contends that just as the idea of logos described the mindset conception of divine truth and aspirations of the Greek mind the concept of safari does the same for the African This book is highly recommended for pastors missionaries and teachers as well as students of Bible and theology culture and missions and other related disciplines **Mobile Ad-hoc and Sensor Networks** Jiannong Cao, Ivan Stojmenovic, Xiaohua Jia, Sajal K. A. Debus, 2013-03-25 From the first illustrated edition of Jules Verne's Journey to the Center of the Earth in 1867 dinosaurs and prehistory have fascinated readers. Writers would time and again come back to dinosaurs as an element of fantastic fiction, often using these creatures through the venue of the written word to reflect the world of the writers' own time. This literary survey examines how paleoliterature originated, developed, and matured to the present day. Also discussed are the ways in which dinosaur fiction mirrors contemporary ideas about subjects such as geology, the Cold War, environmentalism, time travel, evolution, and bioengineering. Featured authors include Ray Bradbury, H. G. Wells, and Poul Anderson, among others. In select cases, the novelizations of movie scripts are also examined. An appendix provides brief summaries of deserving dinosaur texts.
