Times Two:

Works Thomas Beverley, 1687 Vygotsky's Notebooks Ekaterina Zavershneva, René van der Veer, 2018-01-24 This book consists of previously unpublished manuscripts by Vygotsky found in the first systematic study of Vygotsky's family archive. The notebooks and scientific diaries gathered in this volume represent all periods of Vygotsky's scientific life beginning with the earliest manuscript entitled *The tragicomedy of strivings* 1912 and ending with his last note entitled *Pro domo sua* 1934 written shortly before his death. The notes reveal unknown aspects of the eminent psychologist's personality, show his aspirations and interests, and allow us to gain insights into the development of his thinking and its internal dynamics. Several texts reflect the plans that Vygotsky was unable to realize during his lifetime, such as the creation of a theory of emotions and a theory of consciousness; others reveal Vygotsky's involvement in activities that were previously unknown, and still others provide outlines of papers and lectures. The notes are presented in chronological order, preceded by brief introductions and accompanied by an extensive set of notes. The result is a book that allows us to obtain a much deeper understanding of Vygotsky's innovative ideas.

The Friend, 1842 **Watching Pages, Reading Pictures** Daniela De Pau, Georgina Torello, 2008-12-18 Italian cinema is internationally well known for the ground-breaking experience of Neo-Realism, comedy, Italian Style Spaghetti Westerns, and the horror movies of the seventies. However, what is rather unfamiliar to wider audiences is Italian cinema's crucial and enduring affair with literature. In fact, since the very beginning, literature has deeply influenced how Italian cinema has defined itself and grown. This book provides an empirical approach to this complex and fruitful relationship. The aim is to present discussions dealing with significant Italian film adaptations from literary materials, which greatly exemplify the variety of styles, viewpoints, and attitudes produced by such an alliance throughout the different periods. Among the adaptations discussed are those that have followed trends and critical debates, making them at times rather problematic.
