Turquoise Conspiracy:

The Turquoise Conspiracy Bilge Nevzat, Gill Fraser, 1999 The rise and fall of Asil Nadir and Polly Peck is one of the most controversial episodes in UK business history and the fascinating tale related by Nadir's beautiful younger sister gives the most intimate account of the saga yet There are many questions that demand an answer and not as some might think by Asil Nadir but by those in pursuit of him The 1990 collapse of Polly Peck super share of the 80s and once valued at 2 billion pounds left investors and the City stunned The firm passed into the hands of administrators Nadir one of the UK's wealthiest men courted by Tory politicians was bankrupted and charged with fraud But his long drawn out prosecution and sensational escape to North Cyprus left a mass of unanswered questions At the centre of the controversy set out here are the widely discredited Serious Fraud Office and the political Establishment A government minister resigned denouncing prosecuting authorities A High Court judge and top QC were accused of a plot to pervert the course of justice The Attorney general has to apologise for misleading parliament This is a compelling story of a family caught up in a devastating avalanche of events against a backdrop of multi million pound business politics international diplomacy and turbulent Cyprus The story that more than 23 000 shareholders have been waiting to read

Migrant City Panikos Panayi, 2020-04-07 The first history of London to show how immigrants have built shaped and made a great success of the capital city London is now a global financial and multicultural hub in which over three hundred languages are spoken But the history of London has always been a history of immigration Panikos Panayi explores the rich and vibrant story of London from its founding two millennia ago by Roman invaders to Jewish and German immigrants in the Victorian period to the Windrush generation invited from Caribbean countries in the twentieth century Panayi shows how migration has been fundamental to London's economic social political and cultural development Migrant City sheds light on the various ways in which newcomers have shaped London life acting as cheap labour contributing to the success of its financial sector its curry houses and its football clubs London's economy has long been driven by migrants from earlier continental financiers and more recent European Union citizens Without immigration fueled by globalization Panayi argues London would not have become the world city it is today
