Your Future In Music:

Your Future in Music Robert E. Curtis, 1976 *Teaching Music Appreciation Online* Bethanie L. Hansen, 2020 In this book readers will learn practical tips and strategies to teach music appreciation online As online education is a growing field an increasing number of teachers trained in traditional live methods find themselves now teaching online and potentially without mentors to assist them Students are also changing seeking highly engaged relevant and interactive learning opportunities that connect to their lives Here readers will find helpful guidance in planning curriculum integrating multimedia assets designing forum discussions developing assignments preparing rubrics engaging in forum discussions preparing managing and teaching the course providing feedback and grading and following up with struggling and challenging students The book can serve as a resource to those already teaching music appreciation online or as a comprehensive guide to those new to the field Additionally it may serve as a resource to instructors in other disciplines who seek to shift live courses to the online format as well as music appreciation instructors who would like to integrate digital or online components into traditional face to face courses The book is organized into five major sections designed to guide the novice online educator in depth while also appealing to the seasoned veteran through the ability to review each section as a stand alone resource Although some readers will desire to read from cover to cover they will also be able to move in a non linear manner from chapter to chapter using chapters in modular form in order to benefit from the sections that most apply to them at any given time

The Journey from Music Student to Teacher Michael Raiber, David Teachout, 2022-07-29 The Journey from Music Student to Teacher A Professional Approach Second Edition helps prospective educators transition from music student to professional music teacher This textbook acknowledges that students must first reconcile their assumptions about learning and teaching before they can make thoughtful informed decisions about their own professional education Building upon personal experience is essential to an enhanced approach to the profession and the topics and activities presented here guide readers to think not as students but as professionals addressing the primary stages of teacher development In three parts Discovery of Self Discovery of Teaching and Discovery of Student Learning the authors connect readers to theoretical foundations and the processes of becoming an insider to the profession This updated Second Edition includes Integration of the 2014 National Core Arts Standards Discussion of NAFMEs Model Cornerstone Assessments Explorations of issues of equity access and inclusion for marginalized populations and new examples of culturally responsive pedagogy Added coverage of innovative practices including popular music technology for autonomous music making songwriting and composition Streamlined discussion of learning theory focusing on the basic foundations of behaviorism cognitivism and constructivism The accompanying companion website at www.routledge.com/cw/raiber provides revised and updated Connecting to the Profession features that help enhance students understanding of the ideas presented in the text links to videos of K 12 music teaching and interviews with teachers and additional resources for instructors Featuring

networking activities to aid in self reflection a glossary of terms and a wealth of online resources and tools The Journey from Music Student to Teacher is the culmination of more than 25 years of experience in secondary music classrooms providing a framework for establishing professional role identity among preservice music educators during their introduction to the field
