Voices in the Wilderness Walter Simmons, 2006-02-24

Despite the Modernist search for new and innovative aesthetics and rejection of traditional tonality several twentieth century composers have found their own voice while steadfastly relying on the aesthetics and techniques of Romanticism and 19th century composition principles Musicological and reference texts have regarded these composers as isolated exceptions to modern thoughts of composition_ exceptions of little importance treated simplistically and superficially Music critic and scholar Walter Simmons however believes these composers and their works should be taken seriously They are worthy of more scholarly consideration and deserve proper analysis assessment and discussion in their own regard In Voices in the Wilderness the first in a series of books celebrating the Twentieth Century Traditionalist Simmons looks at six Neo Romantic composers Ernest Bloch Howard Hanson Vittorio Giannini Paul Creston Samuel Barber Nicolas Flagello Through biographical overviews and a comprehensive assessment of musical works Simmons provides readers with a clear understanding of the significance of the composers their bodies of work and their placement in musicological history The chapters delve deeply and objectively into each composer s oeuvre addressing their origins stylistic traits and consistencies phases of development strengths and weaknesses and affinities with other composers The composers most representative works are identified and each chapter concludes with a discography of essential recordings Visit the author s website to read samples from the book and to listen to representative excerpts of each composer s work

Five Years in Heaven John

Schlimm, 2016-05-03 What is heaven on earth The answer lies in this true story of one young man s journey to find hope and purpose with the help of an unlikely teacher a compassionate and wise old nun whom the world had long forgotten By the time Harvard educated John Schlimm turned 31 years old he had worked with some of the biggest superstars in Nashville and served under the most powerful people in the White House But something was missing His life had come to a standstill lost in a whirl of questions about belonging faith rejection and purpose He soon decides to return to his small town roots in search of a new beginning Returning home John meets 87 year old Sister Augustine the beguiling self taught artist in residence at the ceramic shop on the sprawling grounds of the local 150 year old convent John is instantly bowled over by Sister s quiet grace and vision Before long his weekly visits to Sister s shop become a master s class in the meaning of life love humility and second chances As she directed him on the road to self discovery and salvation John returned the favor by putting Sister Augustine on the front page of newspapers and showing his friend that her life still had one very important and unexpected final chapter yet to go In Five Years in Heaven John shares the wisdom humor grace and inspiration he experienced during his hundreds of visits with Sister Augustine Five Years in Heaven reminds us that we can find love and joy in the most unlikely of places and that the building blocks of peace and happiness are always within our reach
