*Tempest and Shipwreck in Dutch and Flemish Art* Lawrence Otto Goedde,1989 This innovative study is the first to analyze systematically an important category of Netherlandish seascape the storm at sea It addresses the fundamental issues of meaning and purpose that such pictures pose for students of Dutch landscape and indeed of all Dutch realism Bringing together a vast body of imagery and texts never before assembled Goedde places this imagery within historical and cultural contexts that permit us to enter into the ideas values and metaphorical associations that such pictures held for seventeenth century viewers He amplifies this iconographic study with a meticulous and subtle analysis of narrative incident and expressive form that while respecting the naturalism of the art reveals its surprisingly conventional and rhetorical character In particular Goedde links the meaning of Dutch tempest paintings with a rhetorical tradition in Dutch literature Through his analysis he is able to offer fresh insights not only into these seascapes but into the interpretation of all pre Romantic landscapes as well This book is addressed at once to specialists in Dutch art and to a broad group of art historians and scholars concerned with cultural history and the relation of literature to art It offers a survey of the tempest in art and literature from antiquity to the modern era in order to define the conventional elements of Dutch painting and writing on this theme An exceptional feature of this study is the author s analysis of the ways conventions encode meaning in both literary and pictorial representations Explicating these conventional structures and themes in terms of the cosmology of correspondences and of elemental love and strife Goedde s discussion both encourages and controls metaphorical interpretation of stormscaapes This study also offers an essential historical background to anyone concerned with the picturesque sublimity and Romanticism in eighteenth and nineteenth century culture because of the importance of the themes of storm and shipwreck in the later period     Subject Guide to Children's Books in Print 1997 Bowker Editorial Staff,R R Bowker Publishing,1996-09     100 Danish Poems Thomas Bredsdorff,Anne-Marie Mai,2011 Text in English Danish Danish poetry is coloured by the distinctive tone of its language shaped by the contours of the landscape the rhythms of modern small town life and derives impressions from the luminous nights the autumn storms and the long dark winter months This anthology provides a representative selection of 100 Danish poems by sixty four poets ranging from the medieval balladeers to poets already of international standing as well as younger poets The edition is bilingual allowing readers the possibility of reading the English and Danish texts side by side and contains a lengthy introduction outlining the central developments in the history of Danish poetry situating its most important oeuvres and themes within a larger international framework The majority of the poems have not previously been made available in English Published in collaboration with the University of Washington Press     Children's Books in Print, 2007 ,2006     The New Cambridge Bibliography of English Literature George Watson,Ian Roy Willison,1974     *The New Cambridge Bibliography of English*

*Literature: Volume 1, 600-1660* George Watson, Ian Roy Willison, 1974-08-29 More than fifty specialists have contributed to this new edition of volume 1 of *The Cambridge Bibliography of English Literature*. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries.
