The Abdication Ruth Wolff,2002 **The People's King** Susan Williams,2003-08-28 In this candid and moving account Susan Williams tells the story of what really happened to King Edward drawing on diaries secret documents and thousands of letters sent to Edward by the public to re create the tragic events that led to his abdication She reveals a hugely popular deeply loved monarch one whose modern ideas and sympathy for the poor so unsettled the establishment that his devotion to Wallis Simpson provided the perfect excuse to force him off the throne [The Fall of Tsarism](#) Semion Lyandres,2013-02-07 Reveals to the world for the first time a unique and hitherto undiscovered selection of interviews with leading participants in the February Revolution of 1917 representing the most significant contemporary testimony on the overthrow of Europe s last old regime **The Crown in Crisis** Alexander Larman,2021-01-19 The thrilling and definitive account of the Abdication Crisis of 1936 On December 10 1936 King Edward VIII brought a great international drama to a close when he abdicated renouncing the throne of the United Kingdom for himself and his heirs The reason he gave when addressing his subjects was that he could not fulfill his duties without the woman he loved the notorious American divorcee Wallis Simpson by his side His actions scandalized the establishment who were desperate to avoid an international embarrassment at a time when war seemed imminent That the King was rumored to have Nazi sympathies only strengthened their determination that he should be forced off the throne by any means necessary Alexander Larman s *The Crown in Crisis* will treat readers to a new thrilling view of this legendary story Informed by revelatory archival material never before seen as well as by interviews with many of Edward s and Wallis s close friends Larman creates an hour by hour day by day suspenseful narrative that brings readers up to the point where the microphone is turned on and the king speaks to his subjects As well as focusing on King Edward and Mrs Simpson Larman looks closely at the roles played by those that stood against him Prime minister Stanley Baldwin his private secretary Alec Hardinge and the Archbishop of Canterbury Cosmo Lang Larman also takes the full measure of those who supported him the great politician Winston Churchill Machiavellian newspaper owner Lord Beaverbrook and the brilliant lawyer Walter Monckton For the first time in a book about the abdication readers will read an in depth account of the assassination attempt on Edward s life and its consequences a first person chronicle of Wallis Simpson s scandalous divorce proceedings information from the Royal Archives about the government s worries about Edward s relationship with Nazi high command Ribbentrop and a boots on the ground view of how the British people saw Edward as they watched the drama unfold You won t be able to put down *The Crown in Crisis* a full panorama of the people and the times surrounding Edward and the woman he loved *The Oxford Handbook of Confucianism* Jennifer Oldstone-Moore,2023 Comprised of thirty eight original essays by experts from a wide range of disciplines the Oxford Handbook of Confucianism covers the Confucian tradition chronologically geographically and topically through textured and innovative examinations of foundational subjects and emerging topics in Confucian studies **The New Republic** Herbert David Croly,1918 [July-Sept., 1917](#) ,1917
