Time Of Remembering:

May God Remember Lawrence A. Hoffman, 2013 Engaging and sobering Traces the development of Yizkor from the original memorializing of Jewish communities destroyed by the Crusaders to the touching service we have today and reflects on how we remember both personal losses and the martyrs of history *Memory and Methodology* Susannah Radstone, 2020-06-03 The increasing centrality of memory to work being done across a wide range of disciplines has brought along with it vexed questions and far reaching changes in the way knowledge is pursued This timely collection provides a forum for demonstrating how various disciplines are addressing these concerns Is an historian s approach to memory similar to that of theorists in media or cultural studies or are their understandings in fact contradictory Which methods of analysis are most appropriate in which contexts What are the relations between individual and social memory Why should we study memory and how can it enrich other research What does its study bring to our understanding of subjectivity identity and power In addressing these knotty questions *Memory and Methodology* showcases a rich and diverse range of research on memory Leading scholars in anthropology history film and cultural studies address topics including places of memory trauma film and popular memory memory texts collaborative memory work and technologies of memory This timely and interdisciplinary study represents a major contribution to our understanding of how memory is shaping contemporary academic research and of how people shape and are shaped by memory *Memory in Vergil's Aeneid* Aaron M. Seider, 2013-09-12 Tracing the path from Troy s destruction to Rome s foundation the *Aeneid* explores the transition between past and future As the Trojans struggle to found a new city and the narrator sings of his audience s often painful history memory becomes intertwined with a crucial leitmotif the challenge of being part of a group that survives violence and destruction only to face the daunting task of remembering what was lost This book offers a new reading of the *Aeneid* that engages with critical work on memory and questions the prevailing view that Aeneas must forget his disastrous history in order to escape from a cycle of loss Considering crucial scenes such as Aeneas reconstruction of Celaeno s prophecy and his slaying of Turnus this book demonstrates that memory in the *Aeneid* is a reconstructive and dynamic process one that offers a social and narrative mechanism for integrating a traumatic past with an uncertain future **Pop's Advice** Chris Thurman Ph.D., 2022-10-31 Grandchildren are a wonderful blessing and they need the best advice possible for their lives to turn out well As a proud granddad Dr Chris Thurman passes along advice he has gleaned from his many years as a person of faith and psychologist While written for his grandkids this book can be helpful to all young people and the parents and grandparents helping them live a fuller and healthier life Some of the biblically solid advice offered in this book includes Hang around good people Think the right thoughts Be angry but don t act the fool Be content with little Guard your heart Let others toot your horn Be grateful even for your problems Do the hard things first In *Pop s Advice* Dr Chris Thurman guides our children and those of us raising them in a time tested direction so their lives can be all God intended The advice in this book can help not
