Total Confidence Everyday John Ndeere Njuguna, 2021-04-20 Self confidence is irreplaceable in the game plan of greatness The confidence of super achievers is a trait that's responsible for their successive successes Champions are common men and women whose confidence has been extensively developed until it covers up for their weaknesses be it lack of charisma social disadvantage or natural endowments And confidence though rare is a treasure that you too can own We were not born with things we could or couldn't do it is life's experiences and social conditioning that subtly taught us to fear and to limit ourselves Self belief is learnable it is not a thing out of reach What you lost can be recovered The flame can be rekindled And the passion can be reignited Confidence is a fire that must be kept burning Low self confidence isn't a life sentence Self confidence can be learned practiced and mastered just like any other skill Once you master it everything in your life will change for the better
