*Tulip Evermore* Emma Butler Paisley,1985      *Tulip Evermore* Emma Butler Paisley,William Paisley,Elizabeth Huckaby,1985      *Hood's Texas Brigade* Susannah J. Ural,2017-11-13 The Texas Brigade of the Army of Northern Virginia was one of the best units to fight on either side in the American Civil War Three factors made that success possible their strong self identity as Confederates the mutual respect shared between the brigade s junior officers and their men and a constant desire to maintain their reputation not just as Texans but also as the best soldiers in Robert E Lee s army and all the Confederacy Hood s Texas Brigade is a study of the soldiers and families of this elite unit that challenges key historical arguments about soldier motivation volunteerism and desertion home front morale and veterans postwar adjustment      **The Impact of the Civil War and Reconstruction on Arkansas** Carl H. Moneyhon,2002-01-01 This groundbreaking study first published in 1994 draws on a rich variety of primary sources to describe Arkansas society before during and after the Civil War While the Civil War devastated the state this book shows how those who were powerful before the war reclaimed their dominance during Reconstruction Most importantly the white elite s postwar commitment to a cotton economy led them to set up a sharecropping system very much like slavery in which workers had little control over their own labor In arguing for both change and continuity Moneyhon reconciles contemporary accounts of the war s effects while addressing ongoing debates within the historical literature      Randolph Macon College in the Early Years John Caknipe, Jr.,2015-03-17 This book summarizes the history of the first Randolph Macon College and how it intertwined with the Boydton Virginia community While in Boydton almost 300 students took a degree This book tracks the lives of these graduates many from before college after graduation throughout their participation in the Confederate government or military after the War and for many until death In pursuing the research the author came across an additional 100 men who had attended RMC and their stories are included as well along with the chaplains for the college chapel the tutors for the college students and all adjunct and full time faculty for the 38 year period The graduates include 52 college presidents and numerous members of Congress Many leaders of society education and politics began their careers at RMC      **American Dreams in Mississippi** Ted Ownby,2002-10-15 The dreams of abundance choice and novelty that have fueled the growth of consumer culture in the United States would seem to have little place in the history of Mississippi a state long associated with poverty inequality and rural life But as Ted Ownby demonstrates in this innovative study consumer goods and shopping have played important roles in the development of class race and gender relations in Mississippi from the antebellum era to the present After examining the general and plantation stores of the nineteenth century a period when shopping habits were stratified according to racial and class hierarchies Ownby traces the development of new types of stores and buying patterns in the twentieth century when women and African Americans began to wield new forms of economic power Using sources as diverse as store ledgers blues lyrics and the writings of William Faulkner Eudora Welty Richard Wright and Will Percy he illuminates the changing

relationships among race rural life and consumer goods and in the process offers a new way to understand the connection between power and culture in the American South *Manuscript Resources for the Civil War* University of Arkansas, Fayetteville.
